ACCOUNTING AND STATISTICAL NOTICE NO. 376

Termination of Special Call for Insolvency Loss Data

Member companies that have been reporting the Insolvency Loss data for the Trust Insurance Company and the New England Fidelity Insurance Company will no longer be required to report the data to CAR. The termination of the Insolvency Loss Data reporting is effective immediately. Accordingly, companies do not need to report the Special Call Insolvency Loss data for third quarter 2002 data.

Accounting and Statistical Notice No. 345 announced the decision to implement a Special Call. The Special Call was considered to be the preferred method in collecting and reporting the data. It has been in effect since December 2000.

Any questions regarding the termination of the Special Call reporting can be addressed to the undersigned or to your company's Data Analyst.
