The Records of the Market Review Committee meeting of January 13, 2010 should be read and approved.

MR

09.05 Pacific Insurance Agency / Metropolitan P&C Insurance Company

At its January 13, 2010 meeting, Metropolitan informed the Committee that a remedial action plan had been developed pursuant to the direction of the Committee at its last meeting. The company indicated that the plan included implementing a system change as of February 18, 2010, to automate the review process of "Clean in Three" renewals and to eliminate system generated non-renewal notices on "Clean in Three" business. The Committee discussed the level of progress Metropolitan had made to date

as well as the burden that was placed on the agency to review its renewal book of business in order to ascertain proper handling by the company. The Committee noted that CAR Rules mandate the renewal of "Clean-in-Three" business as of April 1, 2009, which was in place since 2007, and to be in non-compliance, almost a full year later is an egregious violation. The Committee unanimously voted to direct Metropolitan P & C Insurance Company to conduct an audit of the agency's in-force book of business as of April 1, 2009 and to identify the action taken by the company relative to renewal and non-renewal activity that occurred since that date. The audit would include the identification of the reasons for non-renewal, provide supporting documentation and was to be submitted to the agency and CAR prior to being reviewed by the Committee at its next meeting. Attached is a copy of a summary document reflective of the results of Metropolitan's audit. Also attached are spreadsheets containing the company's actions with regard to the agency's "Clean-in-Three" book of business. (Docket #MR09.05, Exhibits #6 & #7)
