2022 Statistical Edit Package and Classification Assignment Table

CAR has updated the Statistical Edit Package for policy year 2022 premium and loss reporting. The 2022 Classification Type Assignment Table is also available on CAR's website.

There were no revisions to the Private Passenger or Commercial Statistical Plans for policy effective year 2022. As a result, there are no changes to the statistical edits for the 2022 accounting year. However, there was one correction made to the S33 – Accident Town edit. For policies effective 2021 and subsequent, Accident Town Codes of 997 (New Jersey) and 998 (Pennsylvania) were added to the Statistical Plans. The S33 – Accident Town edit was updated to reflect these town codes.

If you have any questions about the edit correction or reporting requirements, please contact your Data Analyst or the undersigned at (617) 880-7237 or rosenburg@commauto.com.
