## ACCOUNTING AND STATISTICAL NOTICE NO. 733

### 2026 Statistical Edit Package and Classification Assignment Table

CAR has updated the Statistical Edit Package for policy year 2026 premium and loss reporting. The 2026 Classification Type Assignment Table is also available on CAR's website.

As announced in Accounting and Statistical Notice No. 714 dated February 5, 2025, the Division of Insurance promulgated revisions to the Commercial Statistical Plan for changes to Non-Ownership Liability to include different risk designations including auto service, partnership/LLC, and all other. The new classification codes will enable the introduction of rating differentials based on detailed premium and loss experience. Note that the modification to the Non-Ownership Liability classification codes is mandatory for policies effective January 1, 2027 and subsequent; however, companies may optionally commence reporting the new classification codes beginning with policies effective January 1, 2026 for voluntary business. The approved modifications will be incorporated in the 2027 version of the Commercial Statistical Plan and are currently detailed in Accounting and Statistical Notice No. 711 dated November 26, 2024.

If you have any questions about the edit correction or reporting requirements, please contact your Data Analyst or the undersigned at (617) 880-7220 or [abart@commauto.com](mailto:abart@commauto.com).
