BULLETIN NO. 1131

Updates to the Manual of Administrative Procedures

**Chapter X – Servicing Carrier and Exclusive Representative Producer
Standards and Forms**

Chapter X – Servicing Carrier and Exclusive Representative Producer Standards and Forms has been updated to reflect changes to the standards for the verification of application of drivers' licenses approved by the Governing Committee on December 4, 2020. The revisions ensure procedures consistent with the Registry of Motor Vehicle's Driver Manual indicating that foreign drivers are eligible for placement in the commercial automobile residual market with a valid foreign driver's license. Additionally, the Non-Fleet Private Passenger Type Certification Form has been updated to collect the expiration date of the foreign licenses. Note that the amendment to the Non-Fleet Private Passenger Type Certification was placed on file by the Division of Insurance on December 14, 2020. Please refer to Commercial Lines Notice No. 141, dated December 16, 2020 for further information.

WENDY BROWNE
Vice President – Business Operations
