BULLETIN NO. 1196

Amended Assigned Risk Company Procedures Manual

Chapter IX – MAIP Placement Record Reporting and Correction Procedures

At its meeting on June 17, 2025, the Governing Committee approved modifications to Chapter IX – MAIP Placement Record Reporting and Correction Procedures for reporting and correcting the Rating Company Number field. A new value, 002, has been added to represent when the voluntary rate used to rate a MAIP policy is equal to the MAIP rate. The instructions, record layout description, and Non-fatal Error Code 12 have been updated to include this value.

This change applies to policies effective January 1, 2026 and subsequent. The Assigned Risk Company Procedures Manual has been amended and is available on CAR's website.
