BULLETIN NO. 1216

Private Passenger Residual Market Rates Placed on File by the Division of Insurance
CARI-134766056

On March 13, 2026, the Division of Insurance placed CAR's private passenger residual market rates and rating manual on file for policies effective July 1, 2026 and subsequent. Pursuant to G.L.c. 175, §113H, these rates will be charged to consumers in circumstances where these rates do not "exceed the premium charges, which would be used by each risk's Servicing Carrier for that risk if such risk were written on a voluntary basis."

The updated rates (including the Special Instructions), rules, and related implementation materials are now available on the MAIP Company and Producer pages of CAR's website, under Manuals. A valid user-id and password are required for access.

The approved filing is available to Member Companies upon request. Requests should be directed to ActStatDept@commauto.com.

TIMOTHY GALLIGAN
Director of Actuarial and Statistical Services
