FORM MUST BE TYPED

Articles of Organization

FORM MUST BE TYPED

(General Laws Chapter 156D, Section 2.02; 950 CMR 113.16)

**ARTICLE I** 

The exact name of the corporation is:

BANY CATERING INC

ARTICLE II

Unless the articles of organization otherwise provide, all corporations formed pursuant to G.L. Chapter 156D have the purpose of engaging in any lawful husiness. Please specify if you want a more limited purpose:

NONE

### ARTICLE III

State the total number of shares and par value. " if any, of each class of stock that the corporation is authorized to issue. All corporations must authorize stock. If only one class or series is authorized, it is not necessary to specify any particular designation.

| W         | THOUT PAR VALUE  |           | WITH PAR VALUE   |           |  |  |  |  |  |  |
|-----------|------------------|-----------|------------------|-----------|--|--|--|--|--|--|
| TYPE      | NUMBER OF SHARES | TYPE      | NUMBER OF SHARES | PAR VALUE |  |  |  |  |  |  |
| COMMON;   | 0                | COMMON:   | 25.000           | \$5.00    |  |  |  |  |  |  |
| PREFERRED | 0                | PREFERRED | 0                |           |  |  |  |  |  |  |

G.L. Chapter 156D eliminates the concept of pur vulue, however a corporation may specify par value in Article III. See G.L. Chapter 156D, Section 6.21. and the community relative thereto.

Re: Rapo & Jepsen Insurance Services, Inc. ("RJIS") Request for Review of Notice of Termination of Arbella Limited Servicing Carrier Agreement

To Whom it May Concern:

This office represents Rapo & Jepsen Insurance Services, Inc. ("RJIS") in connection with its request for review of a <u>Notice of Termination of Arbella Limited Servicing Carrier Agreement</u> dated March 2, 2016 from Arbella Protection Insurance Company (the "Notice of Termination).

### **INTRODUCTION**

Rapo & Jepsen Insurance Services, Inc. ("RJIS") hereby provides this response to a letter from Attorney Roberta Fitzpatrick on behalf of Arbella Protection Insurance Company ("Arbella") dated April 28, 2016. Arbella's submission contains numerous falsehoods and fundamentally misstates the issues and history between the parties. The reality is that RJIS has been completely transparent with Arbella during the previous five years, explaining its business practices accurately, openly and honestly. RJIS has not engaged in any illegal or fraudulent activities and has not violated CAR Rules.

As Arbella concedes, it was fully aware in 2011 of RJIS's business practices which Arbella incorrectly refers to as a "scheme" to create "sham businesses" for "individuals who were not engaged in commercial activity" but in the five years since:

- Arbella did not reject a single application submitted by RJIS on the basis that the applicant was ineligible
- Arbella did not cancel a single commercial policy on the basis that the applicant was ineligible;
- Arbella did not conduct a single audit of RJIS's files;
- Arbella did not request verification of or otherwise verify the business information contained on a single application;
- Arbella did not provide or implement a single rule or procedure for RJIS to follow that would have prevented individuals not engaged in commercial activity from obtaining commercial insurance;
- Arbella did not provide *any* training or education to RJIS in writing commercial policies;
- Arbella did not provide *any* training on fraud recognition;
- Arbella never sent a marketing representative to visit RJIS and discuss the business relationship;
- Arbella did not report to CAR a *single instance* of an alleged violation of CAR Rules by RJIS.

In other words: RJIS informed Arbella clearly about its practices in 2011, the companies discussed those business practices, and then Arbella went along with those business practices for the next five years, earning *millions of dollars in fees* as a Servicing Carrier for policies written

by RJIS, 1 never rejecting a single application, never finding a single instance of confirmed fraud on an application, and never reporting a single instance of fraud to CAR.

However, now that it is applying to renew its contract as a Servicing Carrier and its own business practices have come under scrutiny, Arbella needs to point the finger at someone else for its own apparent failures. RJIS is merely a convenient scapegoat.

On March 1, 2016, CAR issued its Notice of Request for Proposal (RFP) for carriers seeking appointment to a five year term as a Commercial Servicing Carrier. See Exhibit B. As part of the RFP, CAR required applicants to "provide the means to facilitate successful integration of the claims, underwriting and loss control functions including but not limited to an SIU investigation of suspicious underwriting issues and the establishment of procedures for claims alerts to the underwriting and loss control personnel. It is critically important that the claims and underwriting operations are fully coordinated with loss control services." See Exhibit B, RFP, §§ 2.5, 2.6 and 2.7. The day after the RFP was released, Arbella served its Notice of Termination. It is clear that Arbella is seeking to terminate RJIS at this point in time to create the illusion to CAR that it is not responsible for the effects of its complete abdication of its underwriting and loss control obligations during the past five years and instead shift the blame to RJIS.

That Arbella does not have a legitimate basis for its termination is evident in the manner in which it is trying to terminate the Agreement. The Notice of Termination is so vague and conclusory that it prevented RJIS from providing a meaningful response and defending itself. The Notice of Termination did not provide any specific facts or details to which RJIS may respond and contained no supporting documentation. For example, Arbella did not identify a single policy that it claims was procured by fraud or a single commercial insurance applicant that was not engaged in commercial activity. RJIS could not be expected to know which of the *more* than ten thousand applications Arbella accepted from RJIS during the previous five years allegedly contained false information.<sup>2</sup> More importantly, Arbella has not identified a single instance in which it claims that RJIS knew that one of those applications contained false information. It is impossible for RJIS to investigate and respond to Arbella's allegations because Arbella did not provide any such detail in the Notice of Termination. To make matters worse, Arbella refused, despite repeated requests from RJIS, to provide the specific details supporting the allegations in the Notice of Termination so that RJIS could file a meaningful request for review. Specifically, on March 10, 2016, RJIS requested from Arbella "evidence to support the alleged violations" so that it could complete its Rule 20 Request for Review. Arbella responded to RJIS as follows:

<sup>&</sup>lt;sup>1</sup> Currently, Servicing Carriers are paid a fee of \$388 per exposure. See Exhibit A. RJIS's current book of business with Arbella exceeds 6000 policies, meaning Arbella stands to collect in excess of \$2,300,000 in servicing fees on ceded commercial policies produced by RJIS. In 2015, Arbella collected in excess of \$2,000,000 in servicing fees alone. In addition to those servicing fees, Arbella is retaining premium finance charges at 15%, plus late fees, cancellations fees and other charges on such policies.

<sup>&</sup>lt;sup>2</sup> Currently, there are more than six thousand commercial policies in force issued by Arbella to RJIS customers in the involuntary market. Since its appointment in 2011, however, RJIS estimates that it has placed at least ten thousand such policies with Arbella.

You are asking for more than is required by the CAR Rules.

Arbella has issued a notice of termination in accordance with the CAR Rules.

You have the right to file a request review by CAR.

Should you decide to proceed with a request for review, Arbella will comply with the CAR Rules relative to the submission of written materials

Otherwise no further action is required on Arbella's part.

<u>See Exhibit C, Email Exchange Dated March 10, 2016.</u> After receiving Arbella's letter of April 28, 2016, on April 29, 2016, RJIS submitted a second request for documentation to Arbella. <u>See Exhibit D, Email of April 29, 2016 from J. Rapo to R. Fitzpatrick</u>. Arbella declined to produce documents in response to the request.

Arbella's response to RJIS and Arbella's failure to produce specific facts and documents along with its Notice of Termination was wrong and clearly designed to undermine RJIS's ability to prepare an effective appeal of the Notice of Termination. CAR Rules and applicable decisions from the Division of Insurance require that a notice of termination contain the specific facts and supporting documentation which form the basis of the termination so as to provide adequate notice to the agency to enable it to respond. Arbella's Notice of Termination clearly does not meet the applicable standards.

CAR and the Market Review Committee ("MRC") should ask why Arbella did not provide supporting facts and documentation along with the Notice of Termination and/or along with its submission to CAR on April 28, 2016. Arbella has possessed this information and these documents for *years*, yet has waited until the eve of the MRC hearing to disclose them to RJIS. It is clear that Arbella is simply trying to undermine RJIS's ability to defend itself and respond to these baseless allegations. The MRC cannot allow such a denial of due process and must revoke the Notice of Termination because Arbella has failed to comply with CAR rules and applicable law governing such terminations.

What is clear in these proceedings is that the only "sham" and "scheme" that has been perpetrated by either party is Arbella's scheme to use this sham termination to hide and excuse the fact that it utterly failed to live up to its expectations under CAR Rules so that it might be awarded another five year contract as a Servicing Carrier worth millions of dollars in servicing fees per year with no concurrent exposure to the insured risks.

### **BACKGROUND**

Before addressing Arbella's April 28, 2016 Letter, RJIS would like to provide some background about its business and historical relationship with Arbella. RJIS has five offices and twenty-one employees located in Lowell, Everett, Marlboro, Framingham and Boston. All of RJIS employees are multilingual, speaking a combination of English, Spanish and/or Portuguese. This enables RJIS employees to explain and translate documents and converse with customers in their

native languages. RJIS sells automobile, home, workman's compensation, and commercial general liability insurance. Approximately 90% of its business is automobile, 40% of which is in the residual market.

In 2001, RJIS was assigned as an ERP to Hanover Insurance Company. Around this time, Arbella encouraged, assisted and financed RJIS to purchase a number of other agencies and books of high-risk business which exposures were assigned to Arbella at the time, causing the business to be transferred to Hanover and thereby significantly reducing Arbella's share of such high risk exposure and simultaneously increasing Hanover's share. Arbella's scheme was successful in reducing its exposure to the high risk market. Arbella's actions in this regard became the subject of a contentious lawsuit principally between Hanover and Arbella. See Hanover Insurance Company v. Commissioner, 443 Mass. 47 (2004). In the lawsuit, Hanover claimed that Arbella's scheme caused Hanover to incur \$2.5 and \$3.5 million in losses. Arbella's scheme had the ancillary effect of growing RJIS's business in the residual market significantly. As a result of Arbella's assistance financing and facilitating the purchase of these other businesses, RJIS became a dominant agency in the residual market—although not affiliated with Arbella.

However, when the new Servicing Carriers were announced by CAR in 2011, RJIS by coincidence was reassigned from Pilgrim to Arbella as an Exclusive Representative Producer ("ERP"). Thus, the very business that Arbella steered off its books nearly a decade earlier was assigned back to Arbella by CAR in 2011. By this time, however, the residual market had been restructured and RJIS's high risk commercial policies being transferred to Arbella were all ceded policies, such that Arbella was not individually exposed to losses sustained on the policies. In July of 2011, Arbella and RJIS executed the <u>Arbella Limited Servicing Carrier Agreement</u> ("Agreement"). See Exhibit E. At that time and pursuant to CAR directives, all of RJIS's business was transferred to Arbella—consisting of 2055 policies. At that time, Arbella was provided the opportunity to review each such policy – at the time it was transferred and again when they came due for renewal. Arbella accepted *every such policy* despite the concerns it expressed to RJIS at the time and did not reject a single renewal of those policies.

### RJIS RESPONSE TO ARBELLA LETTER DATED APRIL 28, 2016

RJIS addresses and responds to Arbella's April 28, 2016 letter paragraph by paragraph as follows:

### **Arbella:**

Arbella Protection Insurance Company ("Arbella') has terminated the Limited Servicing Carrier Appointment of Rapo and Jepsen Insurance Services ("R&J" or "the Agency") for the reasons set forth in Arbella's March 2, 2016 Notice of Termination. Arbella has agreed to stay the effective date of the termination pending the Market Review Committee hearing scheduled for May 11,2016.

### **RJIS Response**

Arbella agreed to "stay the effective date of termination through the date that CAR decides [RJIS] request for review." See Exhibit F, Email dated March 30, 2016. This includes an appeal by RJIS of a decision by the Market Review Committee.

As noted above, the Notice of Termination does not satisfy the requirements of the applicable CAR Rules and Division of Insurance decisions (specifically, <u>In Re Calianos</u>, Docket C2012-02, November 25, 2013) which require that a notice of termination contain the specific facts and supporting documentation sufficient to apprise the agency of the precise bases of the termination. Arbella's general and conclusory allegations in the Notice of Termination do not suffice.

### Arbella:

Please accept this brief summary of the circumstances giving rise to the termination. The results of the Arbella SIU investigation into R&J's improper use of its commercial appointment are voluminous. Arbella will be submitting a sizeable sample of the investigation results under separate cover in a zip file to enable electronic distribution in advance of the required filing date. Should you require hard copies of any of the additional materials, please advise.

### **RJIS Response**

Arbella's Notice of Termination provides even less detail than the "brief summary" contained in its April 28, 2016, letter. Even the April 28, 2016 letter is deficient, however, because it does not provide the specific facts and documentation which Arbella is relying on to terminate RJIS's contract. Arbella was required to include with the Notice of Termination the "voluminous" specific facts, details and supporting documentation which it claims to be the basis of its termination. RJIS cannot be expected to respond to Arbella's "investigation results" where it was never provided with those results. If Arbella has "voluminous" investigation materials, why were they not included as part of the Notice of Termination as required by CAR Rules? Why were these materials not submitted along with Arbella's April 28, 2016, letter? Why is Arbella waiting until the very last day to provide "samples" of these documents to the MRC and RJIS? The answer to these questions is abundantly clear: Arbella does not have valid grounds to terminate RJIS's ERP appointment and is seeking to undermine RJIS's ability to respond and to have a fair appeal.

### Arbella:

R&J was assigned to Arbella in 2011. Shortly after the assignment, Arbella began to notice that an unusually large percentage of R&J's accounts were individuals who were sole proprietors "doing business as" small businesses and insuring single PPT (private passenger type) vehicles.'

Arbella had several meetings and communications with the principal of R&J in 2011 setting out Arbella's guidelines and expectations for new business and expressing preliminary concerns over what appeared to be an unusual number of

non-Massachusetts licensed applicants insuring a single private passenger vehicle under a commercial policy.

### **RJIS Response**

When RJIS was assigned Arbella as a Servicing Carrier, RJIS's existing book of business was transferred from Pilgrim Insurance. Arbella did not reject, cancel, or non-renew a single such policy. Arbella had full visibility to each such policy and accepted and renewed all of them.

In 2011, Arbella met with John Rapo, the principal owner of RJIS, once.<sup>3</sup> There were no other communications and Arbella has not provided any documentation of same. Arbella never once provided any "guidelines and expectations" and certainly never provided any such guidelines, expectations, policies or procedures in writing. RJIS explained to Arbella that its customer base is primarily immigrants and many of its customers operate small businesses using private passenger automobiles. These business include housecleaning business, painting business and the like. Arbella did not provide any rules, policies or guidance as to the eligibility of such businesses for commercial auto insurance. Arbella continued to accept and approve applications from these customers and never rejected a single such application.

### Arbella

Upon further investigation, including but not limited to interviews with applicants for insurance, Arbella determined that a number of the applicants were not using their vehicles for commercial activity. The applicants informed Arbella that R&J assisted them in creating businesses for the purposes of enabling them to obtain commercial insurance policies.

Arbella had additional meetings and communications with the principal of R&J throughout 2012 relative to Arbella's concern over R&J's apparent improper use of its commercial appointment to submit applications on behalf of individuals who were not using their vehicles for commercial purposes and who were not eligible for insurance through CAR.

Specifically, Arbella shared the results of its investigations with R&J and informed R&J that Arbella had found that:

Many of the applicants for insurance were foreign licensed drivers, applying under the guise of small businesses, who had been in Massachusetts for more than one year, were required to obtain a Massachusetts driver's license and would not have been eligible for a Massachusetts private passenger policy;

Some of the operators listed on the policy had no connection to the applicants;

<sup>&</sup>lt;sup>3</sup> From the inception of RJIS's five year relationship with Arbella, there were no more than four meetings in total, including an introductory meeting shortly after the appointment where RJIS's employees were trained on Arbella's computer systems.

R&J was involved in assisting applicants in the creation of businesses for the purpose of obtaining commercial insurance for applicants who were ineligible for such insurance

Arbella further notified R&J that Arbella would be continuing its investigation and that Arbella expressly reserved it rights to take any further action necessary relative to ensuring compliance with CAR Rules.

R&J disputed Arbella's findings.

### **RJIS Response**

RJIS met with Arbella in 2012 once, perhaps twice. The parties discussed again that many of RJIS customers operate businesses—whether it be landscaping, painting, housecleaning, babysitting, or otherwise—and that those customers have formed businesses in various forms and insured their vehicles through their businesses. RJIS explained correctly to Arbella that such businesses are eligible to obtain commercial motor vehicle insurance. Arbella made false allegations that RJIS's customers were not eligible for commercial insurance and were not using their vehicles in connection with their businesses. RJIS disputed those allegations. Arbella issued notices of cancellation for only about ten such policy-holders. After further review of each of those situations, however, Arbella withdrew its notice of cancellation for each such policy holder when it realized they were eligible to hold the commercial policies for which they had applied.<sup>4</sup>

What is most outrageous about Arbella's claims in this regard is that Arbella did not cancel a single of the "many" policies that it claims to have been procured by fraud. In fact, it renewed *every single one of them* – often more than two or three times! It is bewildering to RJIS how Arbella can claim to have discovered in 2012 that "many" of the policies placed by RJIS were based on fraudulent applications yet Arbella continued to renew each of these policies year after year.

Indeed, despite Arbella's claims in 2012 that it believed RJIS was submitting applications for ineligible applicants and that it would continue to investigate and "continue to review your business submissions and determine whether any further action is necessary in order to ensure that the CAR Rules of Operation are complied with," <u>Arbella issued policies to every single such applicant and never once canceled a policy or declined to renew a policy based on a claim that the applicant was not illegible for the coverage sought.</u> Notably, Arbella has always been required and permitted under CAR Rules to:

 Verify that information contained in the application for insurance is accurate as to classification, garaging, discounts, credits, vehicle use, vehicle description and experience for those risks eligible to be experience rated. (Rule of operation 13.B.5.b)

<sup>&</sup>lt;sup>4</sup> Arbella's intentional omission in its April 28, 2016 Letter of the fact that it rescinded the cancellations of each of these ten policies is indicative of false and misleading nature of Arbella's claims to CAR in this matter. {Client Files/312315/0001/PLD/F1041993.DOCX;2}

- Maintain records of infractions of the Rules of Operation by ERPs and report such infractions as appropriate. (Rules of operation 13.B.5.k)
- Include a renewal application or questionnaire with a renewal policy and require the insured to complete the application or questionnaire (Commercial Automobile Insurance Manual, General Rules 4.A.1-3)
- Require an applicant to substantiate with permanent records (such as log books, revenue, books, etc.) that the automobile is being used as set forth in the application or renewal questionnaire. (Commercial Automobile Insurance Manual, General Rules 20.G)

Arbella cannot seriously at this stage blame RJIS for Arbella's complete and total abdication of its underwriting and fraud detection obligations. During the five years RJIS has been under contract with Arbella, Arbella never once denied an application or canceled a policy because it could not verify the information on an application or because it discovered fraudulent information on an application. Arbella never required RJIS customers to complete renewal applications or questionnaires when renewing their policies. Arbella never required applicants to substantiate their business uses with records. For its part, RJIS is unaware of any instances in which a customer supplied false information to RJIS in connection with obtaining commercial insurance and RJIS is also unaware of any instance in which it knowingly submitted such false information to Arbella. Arbella has never identified a single verifiable instance of such conduct. Moreover, Arbella NEVER reported to CAR any infractions of the Rules of Operations by RJIS. In connection with this proceeding, RJIS specifically requested Arbella to produce to it:

- Each report to CAR or RJIS by Arbella relating to concerns regarding potential fraudulent applications submitted to Arbella by RJIS
- All records of infractions of the rules of CAR by RJIS maintained by Arbella

Arbella did not produce a single such document. If it is Arbella's contention that RJIS has been violating CAR Rules since 2011 and that Arbella was aware of these activities going back to 2011, why did Arbella not maintain a single record of such infractions and/or report them to CAR? To the extent Arbella was aware of such violations of CAR rules in 2011, 2012, 2013, 2014 or 2015, it was required to keep records of each such violation and notify RJIS and CAR of same. Its failure to do so and its decision to continue to renew each of the policies it contends was procured by fraud demonstrates the complete and total lack of substantiation to its allegations in this matter.

With regard to the practice of assisting customers to create business entities, Mr. Rapo explained to Arbella from the outset that this was a service RJIS provided to its customers. As mentioned in previous submissions by RJIS, RJIS employs Spanish and Portuguese speaking employees and the business serves a large segment of Spanish and Portuguese speaking consumers. In addition

<sup>&</sup>lt;sup>5</sup> RJIS has not had the opportunity to review in detail the nearly 500 pages of information which Arbella recently submitted to the MRC. However, a preliminary review reveals that Arbella continued to renew the policies identified in those documents has having been procured by fraud *even after it spoke to the applicants and determined that they were not eligible for a commercial policy.* 

to insurance, RJIS provides additional services, including translation services, assistance with Registry of Motor Vehicle documents, and assistance paying parking tickets or civil motor vehicle citations, among others. As one of the ancillary services it provided to its customers, RJIS offered for a fee to provide forms enabling the customers to formally establish a business entity. During their meeting in 2012, RJIS explained this service to Arbella in detail and that it is perfectly lawful for someone who operates a business, whether full-time or as a second job, to conduct that business through a business entity. Arbella did not dispute this point. RJIS further discussed with Arbella that the law permits such businesses to own a vehicle and purchase automobile insurance. As RJIS explained to Arbella, there is nothing improper or unlawful about RJIS assisting customers to complete the corporate forms to form a business and to then assist them in applying for a commercial insurance policy. Indeed, this practice has become commonplace in this particular segment of the industry.

Arbella did not fundamentally disagree with RJIS. Rather, Arbella was concerned primarily with individuals forming businesses and obtaining commercial policies when they were not actually engaged in business activities or otherwise eligible to obtain insurance or operate a vehicle. As noted in Mr. Rapo's September 17, 2012, letter to Arbella, in an effort to combat fraud, RJIS had created a "Business Use Compliance" form which it required certain customers who were forming businesses and obtaining commercial motor vehicle insurance to sign as a condition of submitting the application to Arbella. A copy of that form was attached to RJIS's Request for Review/Relief and required a customer to certify the business use. Importantly, this was a document created by RJIS in an effort to screen out fraudulent applications—not a requirement of Arbella. As noted above, Arbella had the authority and obligation under CAR Rules to request additional information from applicants in order to verify the business information on an application, but consciously chose not to do so. Moreover, under CAR Rule 13.B.5d, g, i and p, Arbella was required to adopt and provide procedures to assure that RJIS complied with CAR Rules, effectively service the ceded policies and to conduct education and training sessions to ensure that RJIS provided quality service and detected fraud. In their meetings, Mr. Rapo repeatedly asked for guidance from Arbella in this regard and told Arbella that his agency would comply with any policies, guidelines or procedures Arbella implemented. Notwithstanding that, Arbella never promulgated any such policies or procedures or conducted any training.<sup>8</sup> In contrast to other carriers who regularly visit their agents, Arbella has never sent a marketing

<sup>&</sup>lt;sup>6</sup> RJIS began offering this service when it learned that customers were going to accountants who charged excessive fees to provide form documents (often more than \$2,000 for form corporate documents). RJIS offered the same forms at a much cheaper price, between \$100-\$500 depending on the type of business form.

<sup>&</sup>lt;sup>7</sup> Indeed, Arbella did not require that RJIS submit that certificate along with applications. When Arbella indicated that it did not need these certificates submitted along with commercial applications, RJIS stopped sending them to Arbella.

<sup>&</sup>lt;sup>8</sup> This contrasts with other Servicing Carriers which often require as an underwriting requirement additional proof regarding business uses and/or a valid Massachusetts Driver's license in connection with a Commercial application.

representative to visit RJIS in the five years during which it has been RJIS's assigned Servicing Carrier <sup>9</sup>

### Arbella

Arbella began to non-renew accounts and R&J objected, raised concerns about discrimination, market disruption, and claimed that some of the accounts were engaged in side businesses. Ultimately R&J provided Arbella with express written assurances that the Agency would "...only submit new business applications for accounts which (sic) legitimate businesses ...".

### **RJIS Response**

As noted above, Arbella rescinded <u>all</u> of the cancellation notices it had issued because the policyholders had legitimate businesses. Arbella never issued any other cancellation notices in connection with more than ten thousand policies placed by RJIS during the past five years and has renewed every single such policy without requiring the policyholders to submit renewal applications, complete questionnaires or provide documentation evidencing their business uses of the insured vehicles.

### Arbella:

In October 2012, Arbella wrote to R&J reiterating its concerns and stating that Arbella "wants to ensure that Rapo and Jepsen is not involved in assisting applicants in creating businesses to enable them to obtain commercial policies where they are otherwise ineligible for insurance through the private passenger market". Arbella confirmed the agreement reached with R&J as follows: "Thus, this letter serves to confirm our mutual understanding that going forward the Rapo & Jepsen Agency will only submit applications on behalf of applicants that are genuinely engaged in commercial activity".

### **RJIS Response**

RJIS had explained its practices to Arbella and Arbella indicated that it was concerned with applications being submitted for commercial insurance where the applicant was not actually engaged in commercial activity. RJIS told Arbella the means by which it verified an applicant's business use and repeatedly asked Arbella for further direction. RJIS indicated that it would comply with any policies or procedures Arbella wanted it to follow in taking commercial applications. Notwithstanding its stated concerns, however, Arbella did not put into place any such policies or procedures, gave RJIS no training or education, and never again indicated to RJIS that it had any problems with any applications submitted by RJIS during the subsequent three and one half years. Arbella did not state that RJIS could not submit applications on behalf

<sup>&</sup>lt;sup>9</sup> This likely constitutes another violation of CAR Rules by Arbella. Arbella is required to service the residual market in the same manner as the voluntary market. RJIS is aware that Arbella regularly sends marketing representatives to visit its agents in the voluntary market.

of customers for whom RJIS had assisted creating a corporate entity and Arbella was aware that RJIS continued to provide this service to its customers.

### Arbella:

In 2013 the Registry of Motor Vehicles amended the Registry Rules by adding proof of residency requirements and by requiring individuals who seek to register vehicles as sole proprietorships to provide a social security number.

Arbella's SIU department continued to visit the Agency, request files, and interview applicants. In some instances documents requested by SIU were not provided by R&J. Even after repeated requests, SIU was unable to obtain all of the information requested. The principal of R&J called Arbella's underwriting department to complain about the investigations. On February 3, 2014 Arbella responded to R&J in writing as follows:

"As you know, the CAR rules obligate Arbella to ensure that policies are issued in accordance with the applicable CAR Rules of Operation. Your contract with Arbella entitles us to validate your compliance with the governing rules of CAR.

Arbella has some concerns in this area regarding certain policies issued by Rapo & Jepsen and we have assigned Ed Spellman, Dan Pettinato and Frank Hart to investigate".

The investigations undertaken by Arbella's SIU department revealed concerning information relative to R&J's involvement in circumventing the new Registry Rules and violating the CAR Rules.

### **RJIS Response**

RJIS agrees that the Registry of Motor Vehicles included a requirement that a sole proprietor provide a social security number in order to register a vehicle in the name of the sole proprietorship. Such a requirement was not imposed for individuals or business entities registering vehicles in their own names. Indeed, even foreign operators could (and still may) register and insure vehicles without social security numbers. Individuals without social security numbers may register their vehicles by providing proof of residency to the RMV, such as a utility bill. See 540 C.M.R. §2.05.

Arbella's SIU department visited RJIS on a select few occasions. RJIS employees cooperated with the SIU department and provided whatever documents were requested. RJIS in unaware of any instances in which documents were not provided and Arbella certainly never notified RJIS in writing of any such instances. RJIS was made aware by some of its foreign customers that they had been interrogated in English about their insurance by people they believed to be law enforcement officers. The customers complained to RJIS about the aggressive questions and interrogation tactics, stated that they felt threatened and intimidated, and indicated their belief

that Arbella's SIU investigators were law enforcement officers. Accordingly, RJIS contacted Arbella to complain about Arbella's heavy-handed harassment and mistreatment of its customers <sup>10</sup>

Despite Arbella's "continued" visits to RJIS in 2013, review of RJIS files, and the purported "investigation" conducted by Mr. Spellman, Pettinato and Hart beginning in 2014, Arbella did not bring to RJIS's attention a single alleged instance where it found information on an application to be fraudulent, a single instance where it found a commercial insurance applicant not to be engaged in commercial activity, a single instance where RJIS had violated CAR Rules, or a single instance where RJIS failed to comply with Arbella requirements. The first time Arbella provided any such information was on May 3, 2016, in its submission to the MRC. Had Arbella found any such violations in 2013, 2014, or 2015, it had an obligation under CAR rules to make and keep a record of each such violation and report them to CAR. Arbella did not do so. Indeed, in connection with this proceeding, RJIS requested from Arbella all such records and Arbella did not produce a single such document. Moreover, as noted above, Arbella did not cancel *any* of the policies it purportedly found in 2014-2015 to have been procured by fraud and, in fact, Arbella renewed those policies.

### Arbella:

Arbella's SIU Department undertook an extensive investigation into R&J accounts in light of patterns that Arbella observed concerning new business submissions.

Specifically, in the face of new Registry requirements requiring sole proprietors to provide a social security number in order to register a motor vehicle, R&J implemented a scheme whereby the Agency began creating Massachusetts shell corporations for non-Massachusetts licensed drivers who were unable to register a vehicle in their individual names. Arbella found that such corporations were being established by R&J for individual applicants at or about the same time that the individuals were applying for insurance. Arbella further found that R&J was similarly setting up other types of business entities on behalf of such ineligible individuals for the sole purpose of obtaining commercial automobile insurance. In addition, R&J was involved in obtaining Tax EIN numbers for the corporations. By creating a corporation the applicant need only provide a Tax ID Number to register the vehicle in the corporate name thereby avoiding the need for a Social Security Number.

Arbella SIU investigators interviewed witnesses and verified that (1) the applicants were not involved in the commercial enterprises identified in the corporate filings and other business documents; (2) some applicants did not know that R&J had established a business for them and (3) those applicants that

<sup>&</sup>lt;sup>10</sup> It is likely that some of the customers identified in Arbella's submission on May 3, 2016, were the same customers who complained to RJIS about Arbella's SIU investigators.

understood that R&J was creating a business for them were told by R&J that this was the only way they could obtain insurance.

### **RJIS Response**

RJIS is unaware of the investigation performed by Arbella which apparently began in 2013. After 2012, however, Arbella never expressed any concerns to RJIS concerning its customers, insurance applications or business practices generally. Arbella never identified to RJIS any applicants who were not eligible for the coverage issued by Arbella or any policies Arbella claimed to have been procured by fraud.

RJIS did not implement a "scheme whereby the Agency began creating Massachusetts shell corporations for non-Massachusetts licensed drivers who were unable to register a vehicle in their individual names." As indicated above, RJIS's customers were eligible to register vehicles in their individual names and to obtain private passenger insurance. They were eligible to register their vehicles and obtain insurance from private carriers or through MAIP if a private carrier would not issue a voluntary policies. As indicated, prior to the new RMV requirements, RJIS had already been providing services to customers wherein it provided business formation documents so that the customers with could form a business entity and register and insure their vehicles through the business. Nothing changed except that some customers utilized corporate entities other than sole proprietorships. While the RMV required social security numbers to register vehicles on behalf of sole proprietorships, it did not do so for other corporate entities, such as corporations or Limited Liability Companies (or for individuals). It remained (and remains to this day) legal for a duly organized business entity to register and insure a vehicle in its own name.

It is noteworthy that Arbella did not raise this concern to RJIS (or CAR) until now. Arbella discovered this "scheme" and numerous RJIS customers who wrongfully obtained insurance yet did nothing about it for the last three years. Indeed, Arbella accepted every single application submitted by RJIS and never terminated a single such policy despite its "extensive investigations" and widespread finding of fraud. Moreover, while Arbella refers to various "witnesses" and "applicants," it never identified these individuals to RJIS (or CAR) to enable to RJIS to conduct its own investigation as to these claims. It is impossible for RJIS to respond to such claims in response to the Notice of Termination because Arbella did not identify the individuals to whom it was referring. During the past five years, RJIS has written more than ten thousand policies with Arbella, more than six thousand of which are currently in force. RJIS cannot conceivably know to which of those policies Arbella is referring when it claims that "many" applicants were ineligible for the coverage issued. With that said, RJIS is currently unaware of any instances where its employees provided assistance creating business entity for a

<sup>&</sup>lt;sup>11</sup> With regard to the documents recently submitted by Arbella to CAR on May 3, 2016, the MRC cannot consider those documents because (a) those individuals were not identified in the Notice of Termination and (b) the documents were not provided to RJIS along with the Notice of Termination. In any event, RJIS's preliminary investigation is revealing that those applicants were (and are) engaged in commercial activity under the business names contained on the insurance applications.

Page 15

customer without the customer's knowledge and direction or otherwise knowingly assisted a customer submit any fraudulent information. <sup>12</sup>

### Arbella:

To be clear, the corporations created by R&J at the time of the insurance application were sham businesses that had no legitimate purpose. They were created for individuals who were not engaged in commercial activity, solely to provide a mechanism to register and insure vehicles in circumstances where the applicants were not legally permitted to register, drive and insure vehicles in their individual capacity. The R&J practice of creating corporations became prevalent only after implementation of the new Registry Rules.

Thus, after warnings and agreement not to assist applicants in this manner, the R&J Agency not only facilitated a scheme that allowed ineligible persons to obtain access to CAR commercial insurance through the improper use of R&J's limited servicing carrier appointment, but the R&J Agency actually orchestrated the scheme. R&J advised and encouraged the applicants to establish businesses for the sole purpose of obtaining insurance. R&J charged the applicants fees for the creation of the corporation, charged the applicants fees for the filing of the corporate documents with the Secretary of State, obtained Tax EIN numbers for the applicants and provided other indicia of a business -- upon information and belief, in some circumstances, R&J would actually create a computer generated business card for the applicant's sham company. After creating and filing the corporate documents for the applicant, R&J would send the application for commercial insurance to Arbella with a copy of the corporate filing, a copy of the Tax EIN Notice and an image of a business card, all to induce Arbella into believing that the application was for a legitimate commercial enterprise.

### **RJIS Response**

Arbella's allegations are inflammatory and provocative, but completely without support. Arbella failed in its Notice of Termination to identify a single instance in which RJIS knowing created a "sham business" or to identify a single such applicant who used a business to obtain commercial insurance solely because the individual was ineligible to obtain private automobile insurance. RJIS reiterates that it is impossible for it to investigate and respond to Arbella's repeated but conclusory allegations, because Arbella failed to identify in the Notice of Termination the specific facts, applicants and policies on which it is relying in support of termination.

<sup>&</sup>lt;sup>12</sup> As noted in RJIS's April 12, 2016, letter to CAR, an internal audit conducted by RJIS in response to the Notice of Termination has revealed that a substantial number of one former employee's files are incomplete or entirely missing. RJIS is investigating these files and policies to determine whether any fraud was committed in connection with these policies and whether RJIS's former employee had any knowledge of or involvement in the fraud.

Generally, however, RJIS told Arbella from the beginning of their relationship that it assists customers in creating business entities which can then obtain commercial insurance policies and that RJIS takes measures to verify that the customer has a business purpose—including by having customers execute a "business use certificate" as a condition of submitting a commercial insurance application. RJIS denies that it knowingly created sham businesses "solely to provide a mechanism to register and insure vehicles in circumstances where the applicants were not legally permitted to register, drive and insure vehicles in their individual capacity." Indeed, for each commercial policy application submitted by a corporation, Arbella required, and RJIS's customers supplied, the identity and license information of a licensed driver on the policy. As such, *every* application by a corporation for a commercial policy submitted by RJIS to Arbella contained a licensed driver. Moreover, many if not all such applicants were indeed eligible for private insurance in their individual capacities but chose to obtain policies through their businesses. This is not an illegal scheme orchestrated by RJIS as Arbella contends, but rather a transparent practice of assisting customers to lawfully register and insure their vehicles according to their specific needs and requests.

Despite Arbella's flowery rhetoric about RJIS's business practices, it is worth repeating that Arbella was fully aware of these business practices going back to 2012 and did nothing to stop or change them. CAR rules entitled Arbella to require RJIS customers to submit proof of their business as a condition of issuing a policy, but Arbella chose not to do so. Arbella could have required RJIS to conduct additional inquiries or verifications of a customer's commercial uses of their vehicles, but it did not. Arbella could have required RJIS customers to answer questionnaires as a condition of renewal, but it did not. Importantly, CAR Rules *required* Arbella to verify information contained on commercial insurance information, but Arbella did not find or note a single instance where the information on an application was inaccurate or unverifiable. If it did find such an instance, Arbella nonetheless left the policy in force and renewed it. In short, Arbella could have imposed whatever requirements it deemed necessary to verify RJIS customers' eligibility for commercial policies in light of the "concerning" trends it claims to have observed in 2013, but chose to do nothing. In any event, Arbella never disclosed to CAR or RJIS a single instance of suspected fraud or canceled or non-renewed a policy for that reason.

### Arbella:

Further, Arbella has found that R&J expanded this scheme to enable high SDIP Massachusetts licensed drivers, who would have had to pay significantly more for insurance in the private passenger market, to obtain commercial insurance at the preferred less expensive CAR commercial non-fleet PPT rate. In these situations, R&J created a pretext business for high SDIP applicants, produced the indicia of a business, applied for insurance in the name of the business, provided Arbella with evidence that the business existed, and then fraudulently obtained the significantly lower non-fleet PPT rate.

<sup>&</sup>lt;sup>13</sup> Arbella's system would not generate a final application for signature without a driver's information. {Client Files/312315/0001/PLD/F1041993.DOCX;2}

### **RJIS Response**

Again, it is impossible for RJIS to respond to allegations where Arbella failed in the Notice of Termination to provide the specific applicants and policies to which it is referring. Generally, however, RJIS reiterates that it assisted customers in forming business entities and obtaining commercial insurance policies on behalf of those businesses. RJIS plainly and transparently informed Arbella of this business practice five years ago. There is nothing illegal about such conduct. Indeed, there are presumably tens of thousands of business owners in the Commonwealth who are United States Citizens who insure their private passenger vehicles under their business policies. Massachusetts insurance carriers routinely insure such vehicles. RJIS is unaware of any instances in which it knowingly transmitted false information to Arbella in connection with any such commercial applications.

### Arbella:

Based on the content of R&J's Request for Review, Arbella anticipates that R&J will argue that they arranged for applicants to sign forms attesting to the fact that they had a business. Further, based on R&J's supplemental filing, Arbella anticipates that R&J will blame an individual producer for the scheme and for the failure to obtain documents attesting to the business use.

As a preliminary matter, Arbella had previously requested copies of these documents and R&J failed and refused to provide the requested information. When Arbella was able to obtain files, none of the files Arbella reviewed contained these forms. Most recently following another meeting with the Agency, Arbella again requested copies of receipts for the charges to create business, copies of any fee schedules and copies of letters authorizing the creation of a business entity. R&J failed to provide any of the documentation requested.

### **RJIS Response**

Arbella is correct in part that as one measure to try and ensure that customers had legitimate business RJIS required certain customers to complete a Business Use Compliance certificate. This was a procedure put into place voluntarily by RJIS and one about which RJIS informed Arbella in 2011 or 2012. Arbella, however, never required that RJIS obtain such a certificate from its customers and provided <u>no</u> guidance or training on measures to take during the application process to detect or prevent fraud by applicants. Indeed, Arbella never asked for a Business Use Compliance certificate in connection with commercial applications and, after a period of time, RJIS stopped submitted them to Arbella. Arbella implemented <u>no</u> policies or procedures for RJIS to follow when taking commercial applications from customers or submitting them to Arbella. It did not require that RJIS obtain any documentation from customers to substantiate their stated business uses or eligibility for commercial insurance and it did not require RJIS to submit any such information to Arbella as part of its "underwriting" process.

Arbella's claim that it requested documents from RJIS and that RJIS failed and refused to provide the requested information is entirely untrue. RJIS has provided Arbella with whatever documents Arbella requested when it requested them. Notably, Arbella has not and cannot identify a single such request to which RJIS did not respond and has never reported such noncompliance to CAR or kept a written record of such non-compliance which it would be required to do under CAR Rules. With regard to the email request from Arbella to Mr. Rapo dated January 26, 2016, Mr. Rapo has no record or memory of having received such an email. He has searched his email account and there is not record of that email anywhere. As Arbella concedes, anyway, such documents are irrelevant and have "little bearing on the evidence." For purposes of satisfying the request, however, RJIS is submitting herewith the requested documentation. See Exhibit G.

With regard to RJIS's former employee referenced by Arbella, Daniel Bertolazzi, RJIS states that it has been unable to locate Mr. Bertolazzi since he suddenly disappeared from work when RJIS announced that Arbella had accused it of fraud and that RJIS was commencing an internal audit. Through connections in the community, RJIS has learned that Mr. Bertolazzi abruptly left for Brazil immediately after Mr. Rapo announced that he would be conducting an internal audit. For many policies placed by Mr. Bertolazzi, RJIS has been unable to locate his files. For other policies, his files are missing documents. Still, RJIS has not discovered instances of fraud in his files but RJIS continues its investigation into these irregularities.

### Arbella:

More significantly, to the extent that R&J may have or may obtain such documents, they have little bearing on the evidence. The evidence is that R&J orchestrated the creation of sham corporations, filed false corporate documents, and may have orchestrated the signing of forms, solely for the purpose of creating a paper trail to defraud Arbella into accepting new business applications, irrespective of whether the applicants were using the insured vehicles for commercial purposes. In some instances the applicants did not speak or read English, would not have understood the forms which were printed in English and did not know or understand that R&J had created a business for them. In other instances, the applicants told similar accounts of R&J informing them that the creation of a business was necessary in order to enable the applicant to obtain insurance. Finally, in at least two instances applicants involved immigration services to help straighten out their situations after learning that R&J had obtained tax numbers for these fraudulent business.

In short, R&J did not simply facilitate fraud by failing to validate information concerning an applicant's personal or business use of a vehicle. R&J actively engaged in the fraud as detailed herein. R&J charged these applicants thousands of dollars in fees and collected hundreds of thousands of dollars in

<sup>&</sup>lt;sup>14</sup> Moreover, the MRC may not consider this claim by Arbella because it was not specifically referenced in the Notice of Termination.

commissions by improperly binding commercial coverage through the Agency's limited servicing carrier appointment.

### **RJIS Response:**

RJIS denies that it created "sham corporations" or filed "false corporate documents." Arbella has not identified in its Notice of Termination or April 28, 2016 Letter a single instance of that occurring. Similarly, Arbella has not identified any of the applicants it references in the above paragraphs and it is, therefore, impossible for RJIS to investigate and respond to these claims. Indeed, it is impossible for RJIS to respond to any of Arbella's allegations because Arbella did not identify which applications and customers it is using as its purported basis to terminate the Agreement.

Arbella's claim that RJIS "created a paper trail to defraud Arbella into accepting new business applications" is belied by the fact that Arbella does not require or even ask RJIS to send supporting documentation in connection with commercial insurance applications. Arbella cannot claim to have been defrauded by documents it never saw and never asked to see.

RJIS did not "actively engage in fraud." The reality is that Arbella knew of RJIS lawful business practices since 2011 and itself collected **millions of dollars** in servicing fees annually by accepting *every single such application* submitted by RJIS, failing to cancel a single policy on the ground that it had been fraudulently obtained, failing to implement any policies or procedures for RJIS to follow in taking commercial applications to ensure that the applicants were eligible for commercial insurance policies, failing to report any alleged CAR violations to CAR or to RJIS, failing to verify the information contained on applications it claims to have been fraudulent, failing to implement any fraud prevention or loss control measures, and repeatedly renewing policies it now claims to have known were fraudulently obtained.

### **CONCLUSION**

The only sham or fraud that is being perpetrated in connection with this matter is Arbella's effort to terminate RJIS in order to shift blame for its own failures to comply with CAR Rules so that it might bolster its chances of winning another five-year contract as a Servicing Carrier – a contract that lines Arbella's pockets with millions of dollars in fees annually without having any exposure to the risks insured.

The MRC should revoke the proposed termination and order that RJIS's ERP appointment be affirmed because the termination constitutes an unfair, unreasonable or improper practice by Arbella. The Notice of Termination does not contain sufficient and detailed facts and supporting documentation to sustain a termination of RJIS's ERP appointment. Moreover, the MRC may not consider any grounds for termination which have been articulated in Arbella's submissions after the Notice of Termination unless those facts and documents were specifically contained or referenced in the Notice of Termination. Even so, however, Arbella's stated grounds for terminating the ERP appointment are completely without merit and should be rejected.

Respectfully Submitted,

Rapo & Jepsen Insurance Services, Inc.

A meeting of the Market Review Committee has been scheduled for Wednesday, May 11<sup>th</sup> at 10:30am. The current agenda includes two items one involving the Calianos Insurance Agency and The Commerce Insurance Company and the second involving the Rapo & Jepsen Insurance Services, Inc. and the Arbella Mutual Insurance Company. An agenda, with documentation received to date, will be distributed at least 10 days prior to the meeting date. Any additional documentation that parties wish to have distributed to the committee for their review, prior to the meeting, should be received by CAR by the end of business on Thursday, May 5<sup>th</sup>.

Please direct any questions to my attention via email or phone (noted below).

#### **COMMERCIAL LINES NOTICE NO. 104**

#### Calendar Year 2016 Interim Commercial Expense Allowance

For policies effective January 1, 2016 – December 31, 2016, commercial Servicing Carriers will be provided an expense allowance of \$388 per exposure. On an interim basis, this allowance is converted to a percentage of premium using an estimated 2016 average premium using policy year 2015 statistical data.

While awaiting approval of a June 1, 2016 rate change, the premium tax and commission rate components underlying the approved 2014 CAR rate filing are used for the interim expense allowance for the January – May 2016 accounting shipments. The resulting interim expense ratios are as follows:

|                        | Interim<br><u>Allowance</u> |
|------------------------|-----------------------------|
| Expense Per Exposure   | \$388                       |
| Expense Per Exposure % | 13.98%                      |
| Premium Tax            | 2.30%                       |
| Commission             | <u>9.91%</u>                |
| Premium Tax/Commission | 12.21%                      |
| Total                  | 26.19%                      |

Upon approval of the new rates, the interim expense allowance will be updated to reflect the approved June, 2016 rate components for premium tax and commission and will be included in the June – December 2016 monthly accounting shipments. CAR will inform the Industry of the updated estimated expense allowances prior to the June, 2016 monthly statistical submission due date.

Ceding expenses will be trued-up after the close of each calendar year, based on actual reported exposures and will reflect premium tax and commission provisions included in the underlying rates.

Questions may be directed to the undersigned at tgalligan@commauto.com.

John,

The November 2010 Governing Committee approved the following:

The Committee unanimously approved a motion to recommend to the Governing Committee that the existing expense allowance remain in place through June 30, 2011, and that an allowance of \$350 for Company Expense and ULAE be provided for policies effective from July 1, 2011 through December 31, 2011, with the expense allowance schedule as previously recommended commencing as of January 1, 2012, consisting of \$357 for 2012, \$365 for 2013, \$372 for 2014 and \$380 for 2015.

The bulletin I sent you noted that the interim expense per exposure went to \$388 for 2016.

#### **BULLETIN NO. 1014**

#### Request for Proposal - Commercial Servicing Carrier Program

The agreements with the four carriers that currently service the commercial ceded business through the Commercial Servicing Carrier Program will expire as of December 31, 2016. The Governing Committee has authorized CAR to solicit bids from interested parties in accordance with the specific provisions of the Request for Proposal (RFP) developed for that purpose. A link to the RFP is available on the Home Page of CAR's website.

Prospective participants should note that the term of the agreement is for five years. Respondents must have an A.M. Best rating of at least A- or have a comparable financial and operating performance as determined by CAR.

A mandatory pre-response conference will be held at the offices of CAR on Wednesday, March 16, 2016, at 11:00 a.m. Bids will only be accepted from carriers with representation at the conference.

The schedule of events associated with the RFP process is as follows:

| Notice of RFP Issued                         | March 1, 2016     |
|----------------------------------------------|-------------------|
| Mandatory Pre-Response Conference            | March 16, 2016    |
| Final Date for Proposer Questions            | March 31, 2016    |
| Final Date to Submit Proposals               | April 15, 2016    |
| Selection Committee Evaluation of Proposals  | May 2-27, 2016    |
| Governing Committee Decision                 | June 15, 2016     |

#### Section 1 - Background and Purpose

#### 1.1 Schedule of Events

Commonwealth Automobile Reinsurers (CAR) intends to progress in this procurement in a series of orderly steps. The schedule that follows has been developed in order to provide adequate information for proposers to prepare definitive proposals and to permit CAR to consider fully various factors that may affect its decision. These dates should be carefully observed.

| Event                                        | <u>Date</u>       |
|----------------------------------------------|-------------------|
| Notice of RFP Issued                         | March 1, 2016     |
| Mandatory Pre-Response Conference            | March 16, 2016    |
| Final Date for Proposer Questions            | March 31, 2016    |
| Final Date to Submit Proposals               | April 15, 2016    |
| Selection Committee Evaluation of Proposals  | May 2-27, 2016    |
| Governing Committee Decision                 | June 15, 2016     |
| Servicing Carrier Appointment Notification   | June 16, 2016     |
| ERP Distribution Notification                | September 1, 2016 |
| ERPs Contracted by Servicing Carriers        | October 31, 2016  |
| Servicing Carrier Implementation of Services | January 1, 2017   |

#### 1.2 Background Information

CAR employs a specialized program to handle ceded commercial risks in order to control the size of the residual market and to establish equitable access to the residual market for all classes of commercial automobile business (except that which is written through the Taxi/Limousine Program). The program is designed to enhance the effectiveness of loss control and underwriting practices by assigning each producer to one Servicing Carrier. The program consolidates the servicing of this business to a limited number of Servicing Carriers each appointed for a specific term. The number of Servicing Carriers for the appointment term will be determined by the Commercial Servicing Carrier Selection Committee.

#### 1.3 Current Administrative Procedures & Servicing Carrier and Producer Requirements

The specific requirements for Servicing Carriers and producers are contained in CAR's Rules of Operation and Manual of Administrative Procedures available on CAR's website at <a href="https://www.commauto.com">www.commauto.com</a>.

#### 1.4 Purpose

The purpose of this Request for Proposal (RFP) is to provide qualified insurance carriers with information sufficient to enable them to submit proposals for becoming a carrier to service Massachusetts ceded commercial automobile business, other than taxi, limousine, and car service business, effective January 1, 2017. Proposals shall respond to all terms and conditions of this RFP. Proposers shall complete all information requested.

#### Section 2 - Program and Performance Requirements

#### 2.1 Administrative and Account Management Services

The Servicing Carrier(s) will be expected to:

- Assign a management level account executive with knowledge of the Program responsible for responding to CAR inquiries and the requirements set forth herein and, upon reasonable notice, be available to meet with CAR staff and committee representatives.
- For commercial automobile residual market business with policy effective dates beginning on or after January 1, 2017, each approved Servicing Carrier shall utilize an installment payment plan that has been filed with and approved by the Commissioner of Insurance. The plan shall include the application of an installment finance charge plan based on an annual percentage rate (APR), and no more than a 30% first or deposit payment on or before the policy effective date. The plan shall also include that no fewer than seven monthly payments thereafter must be offered to the insured that chooses to pay in installments. The Servicing Carrier will cooperate with its producers assigned through the program to assure that policyholders are made aware of their option to utilize an installment plan.

#### 2.2 Underwriting and Technical Services

Subject to general direction of CAR, the Servicing Carrier(s) shall:

- Comply with the provisions of the Rules of Operation and CAR's Manual of Administrative Procedures
- Perform pre-audits in order to prevent premium leakage on:
  - ✓ All risks written on a gross receipts, mileage or composite rated basis and on any trucking risk with a cost of hire exposure and five or more power units or the equivalent of exposures if hired by the risk.
  - ✓ The pre-audits must be completed within 120 days of the policy effective date.
  - ✓ Additional or return premium shall be computed in accordance with the results of the audit with appropriate notification given to the producer and the insured.

#### 2.3 Claim Management Services

- Subject to general direction from CAR, the Servicing Carrier(s) shall establish
  procedures for claims management for the risks insured through this program
  including, but not limited to the provisions of CAR's Rules of Operation and Manual
  of Administrative Procedures.
- The Servicing Carrier(s)' Massachusetts claims units will manage claims arising out of state.

#### 2.4 <u>Management Information Systems</u>

Subject to general direction of CAR, the Servicing Carrier(s) shall:

- Provide all data required by CAR's Rules of Operation and Manual of Administrative Procedures.
- Produce ad hoc reports as may be requested by CAR.

#### 2.5 <u>Loss Control Services</u>

The Servicing Carrier(s) will be expected to provide safety engineering or loss control services consistent with Best practices and as directed by the Governing Committee. Minimum parameters for the establishment of loss control programs to be made available to qualifying policyholders are as follows:

- Upon request, any risk regardless of size will be provided written material concerning loss control. Any risk with five or more power units or the equivalent of such exposure, if hired by the risk, that develops an experience rating debit will be offered a loss control survey.
- Program features shall include vehicle inspection, driver and equipment evaluation, a review of accident and loss experience, a safety newsletter or other informational mailings.
- The results of the loss control survey shall include a corrective action plan, safety management features and, if applicable to the risk, a hazardous material plan.

#### 2.6 <u>Integration of Claims and Underwriting Operations with Loss Control</u>

The Servicing Carrier(s) must provide the means to facilitate successful integration of the claims, underwriting and loss control functions including but not limited to an SIU investigation of suspicious underwriting issues and the establishment of procedures for claims alerts to the underwriting and loss control personnel. It is critically important that the claims and underwriting operations are fully coordinated with loss control services.

#### 2.7 <u>Innovative and Creative Solutions</u>

As CAR's statutory obligation is to contain and control costs, CAR is very interested in pursuing innovative and creative ideas that would strengthen the underwriting, claim administration and loss control process in a cost effective manner, applying them to the Program wherever appropriate. Proposals will be evaluated, in part, on their ability to bring fresh ideas and concepts to these classes of commercial business.

#### 2.8 Additional Services

CAR is interested in any other services which the proposer is qualified to offer that would enhance, or expand in a related manner, the services that CAR provides to its Members, producers, and insureds in a cost effective manner.

#### 2.9 Staffing

Whenever possible, staff should be assigned full time to the Program. Any and all staff assigned to the Program must have an excellent working knowledge of the needs and requirements of the Program and how these may differ from other business. The account executive must be able to make a time commitment to the management of this account and will be held responsible for the delivery of all services provided by the Servicing Carrier(s).

#### 2.10 Implementation

CAR will be very interested in the development of an implementation plan which will provide the smoothest transition and minimal service disruption for the producer and the insured.

#### 2.11 Term and Termination

CAR seeks a multi-year appointment of five years. In accordance with the provisions of CAR's Rules of Operation and Manual of Administrative Procedures, CAR has the ability to terminate the appointment for lack of acceptable performance by the Servicing Carrier. Lack of acceptable performance relates to the non-performance of material services or the performance of material services in a manner that does not meet CAR Performance Standards.

#### 2.12 Depopulation Efforts

The Servicing Carrier(s) are expected to assist CAR in its efforts to control the size of the commercial residual market by employing strategies to depopulate where possible. CAR will require an annual report from Servicing Carriers outlining the effectiveness of their efforts to depopulate the residual commercial automobile market. The report should include any factors that may have successfully permitted or negatively impacted the company's efforts to achieve a reduction. The report should be submitted to CAR on or before March 31<sup>st</sup> subsequent to each year of the term of appointment.

#### Section 3 - General Conditions for Content of Proposals

#### 3.1 Eligibility of Proposers

Proposers must be Massachusetts licensed motor vehicle insurance companies with an acceptable A.M. Best rating of A- or better or comparable financial and operating performance as determined by CAR.

#### 3.2 Regular Proposals

Each proposer shall comply with all requirements as directed by this notice. Proposals which are defective or irregular may be rejected immediately.

#### 3.3 <u>Uniform Proposals</u>

To facilitate comparative analysis and evaluation of proposals, it is desired that a uniform format be employed in structuring each proposal. The required format is specified in Section 7 of the RFP. Proposals with major deviations or omissions may not be considered for detailed study.

#### 3.4 Requests for Additional Information

Questions regarding the RFP and the selection process should be directed to:

Richard Dalton
CAR Residual Market Services
617-338-2319
rdalton@commauto.com

Proposers may also submit questions orally or in writing at the pre-response conference (see Section 3.6). All questions and answers of general interest will be circulated in writing after the pre-response conference to all firms who have attended. Officials or employees of CAR, its consultants or committee members shall not be contacted at any time by proposers. Any unauthorized contact may be grounds for disqualification of the proposer's proposal.

Any questions submitted after the mandatory pre-response conference must be submitted by March 31, 2016. Answers will be returned in writing to all proposers.

#### 3.5 Revisions

If it should become necessary to revise any part of this RFP or otherwise provide additional information, an addendum will be issued by CAR and furnished to all prospective proposers that have attended the CAR pre-response conference.

#### 3.6 <u>Pre-Response Conference</u>

A mandatory pre-response conference for prospective proposers will be held at the offices of CAR, 225 Franklin Street, Boston, MA 02110 at 11:00 A.M. on March 16, 2016. Only those firms represented at the mandatory pre-response conference shall be eligible to submit proposals to CAR for this procurement.

#### 3.7 Proposer's Examination of the RFP

Proposers shall examine all information and materials contained in and with this RFP. Proposers shall also be responsible for having full knowledge of all relevant laws and regulations of the State of Massachusetts and the United States Government. Failure to do so shall be at the proposer's risk.

#### 3.8 Exceptions to the RFP

It is anticipated that proposers may find instances where their proposals are not completely consistent with the specifications of this RFP. All such exceptions shall be clearly identified and written explanations shall include the scope of the exceptions, the ramifications of the exceptions for CAR, its Members, representative producers and insureds, and a description of the advantages to be gained by CAR, its Members, representative producers and insureds as a result of these exceptions. This written description shall be included in Section 7.3.2 of this RFP.

#### 3.9 Proposals Considered Firm

All proposals received by CAR in response to this RFP shall be considered firm and may not be amended during the pendency of the selection process unless CAR amends any data or RFP requirements during that process.

#### 3.10 Statement of Time

Time, if stated as a number of days, shall include Monday through Friday, excluding legal holidays, unless specifically stated otherwise.

#### 3.11 <u>Incurring Costs</u>

CAR shall not be liable for any costs incurred by proposers in preparing, submitting or presenting proposals, or in satisfying any other requirements. CAR shall not reimburse any costs incurred by proposers in anticipation of being awarded a Servicing Carrier appointment under this RFP. CAR shall not accept billings for additional costs except as may be otherwise specified in this RFP.

#### 3.12 Responsibilities of Servicing Carrier

The successful proposer(s) shall be considered the Servicing Carrier(s) and shall be required to comply with all CAR's Servicing Carrier requirements and to assume total responsibility for all services offered in this proposal, whether or not it is the producer, author, or supplier of them.

CAR shall consider the authorized representative of the successful proposer(s) to be the sole point of contact with regard to all obligations incurred and all services supplied or performed pursuant to this RFP.

Prior to final selection, proposers may be required to submit any additional information which CAR may deem necessary to determine the proposer's qualification to respond to this RFP.

#### 3.13 Firm Price

Prices provided pursuant to this RFP shall be firm and not subject to increase during the term of any appointment arising between CAR and the successful proposer(s) as a result of this RFP, except as may be approved by CAR's Governing Committee.

#### 3.14 Open Procurement

CAR reserves the right to accept any item or group of items proposed in any response, unless the proposer qualifies its offer by specific limitation. CAR reserves the right to negotiate with proposers regarding variations to the original proposal(s), to include cost(s), which may be in the best interest of CAR. CAR reserves the right to accept or reject any or all proposals in whole or in part.

#### 3.15 <u>Terminology</u>

Terms used in this RFP are not intended to imply or denote a particular proposer and are not to be construed as restrictive in any way.

#### 3.16 <u>Implementation Dates</u>

Proposers shall be expected to fully implement their services on January 1, 2017 and contract with those producers appointed to them no later than October 31, 2016.

#### 3.17 Execution of Appointment

Upon the acceptance of a proposal(s), CAR shall name the selected Servicing Carrier(s) in accordance with the provisions of CAR's Rules of Operation and Manual of Administrative Procedures, and as approved by its Governing Committee.

#### 3.18 No Assignment

Assignment by the successful proposer(s) to any third party of any contract based on this RFP or any monies shall be absolutely prohibited and will not be recognized by CAR unless approved by CAR in writing.

#### 3.19 Proposer Responsibility

Notwithstanding the details presented in this RFP, it is the responsibility of the proposer to verify the completeness and suitability of the services proposed to meet the intent of these specifications. Any additional services which may be required within each individual component of service proposed, even if not specifically mentioned herein, shall be provided by the proposer without claim for additional payment. The successful proposer shall be obligated to provide a program which meets all guarantees in its proposal for the price contained herein. This includes, but is not limited to, all requirements of the Commonwealth of Massachusetts and the United States Government, whether or not specifically identified in this RFP.

#### 3.20 Proposer Commitment

The proposer shall provide and maintain all services proposed pursuant to this RFP for the term of the appointment by CAR unless otherwise directed by the Governing Committee.

#### 3.21 Rights to Submitted Material

All proposals, responses, inquiries, or correspondence relating to or in reference to this RFP, and all reports, charts, displays, schedules, exhibits and other documentation submitted by proposers shall become the property of CAR when received. CAR shall have no obligation to return any such submitted material.

Supporting technical manuals will be returned at the request of the proposer. CAR retains the right to use any or all ideas presented in any proposal in response to the RFP, whether selected or not. Selection or rejection of any proposal does not affect this right.

#### 3.22 Proposals Not Selected

Non-selection of proposals will mean that another proposal was deemed to be more advantageous to CAR or that no proposal was accepted. The decision of CAR's Governing Committee is final. Proposers whose proposals are not accepted will be so notified.

#### 3.23 Non-Discrimination in Employment and Affirmative Action

The proposer shall not discriminate against any qualified employee or applicant for employment because of race, color, national origin, ancestry, age, sex, religion or physical or mental handicap. The proposer agrees to comply with all applicable federal and state statutes, rules and regulations prohibiting discrimination in employment.

#### 3.24 Force Majeure

Neither the proposer nor CAR shall be liable, nor may either cancel the Appointment pursuant to this RFP, when delays arise out of causes beyond the control and without fault or negligence of the proposer or CAR. Such causes may include but are not restricted to acts of God or the public enemy, fires, floods, lightning strikes, epidemics, quarantine restrictions, strikes, freight embargoes, wars, civil disturbances, work stoppage, power failures, laws, regulations, ordinances, acts or orders of any governmental agency or official thereof, and unusually severe weather. In every case, the delay must be beyond the control and without the fault or negligence of either party.

If the proposer is delayed in its performance as a result of the above causes, CAR may either (1) extend the time for completion of such responsibilities for a period of time equivalent to the time lost for the completion of such responsibilities by reason of any or all of the aforesaid causes, or (2) secure substitute performance at its own cost and expense during the duration of the excusable delay and reduce performance and payment under this Appointment, or (3) terminate all or a portion of this Appointment when the delay totally precludes the proposer's performance or materially affects it and the delay continues for a period of thirty (30) consecutive days. CAR agrees that within 10 business days after commencement of the delay, it shall give the proposer written notice of its election as to options (1), (2) or (3).

#### Section 4 - Proposal for Services

#### 4.1 Administration and Account Management Services

Referring to Section 2.1 of the RFP, indicate how your firm would approach the delivery of administrative and account management services.

#### 4.2 <u>Underwriting and Technical Services</u>

Referring to Section 2.2 of the RFP, indicate how your firm would approach the delivery of underwriting and technical services.

#### 4.3 <u>Claims Management Services</u>

Referring to the requirements set forth in Section 2.3 of the RFP, please describe in detail the process by which your firm will manage claims from the point of accident to the closing of the case. Include any charts or diagrams which you believe would be helpful to CAR in understanding your presentation on this subject. Please describe the following:

- Your first reporting and initial investigation process. Include standard criteria for engaging ancillary services (managed care, fraud control, etc.) and your expectation of insured participation in the process.
- Your litigation management and legal cost containment process.
- Your fraud management program and any related extra costs.
- Your process for recovery, subrogation, etc.

Specifically indicate your firm's interest and capability of meeting each of the requirements. Please note and explain any exceptions to the requirements.

#### 4.4 Management Information Systems

Referring to Section 2.4 of the RFP, describe how your firm would meet the information storage and reporting requirements of CAR. Include samples of your reporting formats.

Does your firm have the capability to meet all the reporting requirements stated in Section 2.4 of this RFP? If not, explain the variations.

Can your firm provide custom reports for CAR? Comment as needed.

For reports needed on a monthly basis, how soon after the end of the month would these reports by available to CAR?

Can your firm provide on-line direct access to your computer system for inquiry only and report generation capabilities? Comment as needed.

#### 4.5 Loss Control Services

Referring to Section 2.5 of the RFP, indicate how your firm would approach the delivery of loss control services.

#### 4.6 <u>Integration with Loss Control</u>

Referring to Section 2.6 of the RFP, describe how your firm would integrate the claims management operation with that of loss control.

#### 4.7 <u>Innovative and Creative Solutions</u>

Referring to Section 2.7 of the RFP, list and describe any services which your firm could offer that would further control claims and service costs.

#### 4.8 Additional Services

Referring to Section 2.8 of the RFP, describe any additional services that your firm could make available to CAR that would be relevant and useful to the operation of a property and liability pool.

#### 4.9 <u>Implementation Plan</u>

Referring to Section 2.10 of the RFP, describe your firm's proposed implementation plan which will provide the smoothest transition and minimal service disruption for the producer and the insured.

#### 5.1 Projected Costs/Expense Allowance

Proposers should provide detailed cost projections to service this business. Your analysis should be based on the assumption that your company will service a specified volume of ceded commercial written premium, distributed equitably among either three, four or five selected Servicing Carrier(s). The total ceded written premium identified in Section 5.3 of the RFP, is used as a basis for calculating estimated residual market premium. Your analysis should conclude with a price proposal, calculated as a percentage of ceded written premium, for policy year 2017 as well as each additional year of the appointment. Additional information providing a more detailed breakdown of this data will be distributed under separate cover.

Using Exhibit 5.1.1 in Appendix A, provide the following information to detail your company's cost projections and price proposal for servicing this business.

- 1. In Sections A, B, C and D, separately identify total policy year 2017 projected company expenses for servicing ceded business by ULAE expenses, Underwriting/Technical Services expenses, Loss Control Services expenses, and Company/General expenses. Include detail as specified in the exhibit and based on the ceded written premium scenarios given in Section F. Specify your preference for an optimal premium volume by completing the column titled Preference. If actual proposed expenses are not used, please specify the methodology used to allocate these expenses.
- 2. In Section G, calculate your company's projected policy year 2017 expense ratio using the ceded written premium given in Section F.
- 3. In Section H, provide your company's proposed policy year 2017 program price.
- 4. Provide program price proposals for each additional year of the appointment. In Sections I, J, K and L, include your proposals for policy years 2018-2021. All price proposals should be based on the ceded written premium given in Section F.

The selected price, as approved by CAR's Governing Committee, shall be uniformly applicable to each carrier selected to be a Servicing Carrier. Note that the selected Servicing Carriers will be requested to provide CAR with an annual expense call containing the same information and detail level your company is providing in this proposal.

Servicing Carriers may petition CAR for reimbursement of extraordinary expense resulting from statutory or regulatory assessments that include ceded premium in the determination of the company's market-share-based assessment.

#### 5.2 General Cost-Related Information

The tables in the following sections provide statistics which identify the current size of the residual market and general claim costs. More detailed data will be posted to CAR's website in March. Respondents may also request additional statistics at the pre-response conference.

#### 5.3 <u>Volume of Business</u>

Residual market business is written through approximately 1,254 producers. The 2015 policy year residual market (CAR ID codes 4 and 5) volume at 12 months for all commercial classes except the taxi, limousine, and car service classes is as follows:

| Class        | Ceded Written<br>Premium | Exposures | Cession Rate <sup>(1)</sup> |
|--------------|--------------------------|-----------|-----------------------------|
| TTT          | \$52,057,990             | 18,565    | 8.0%                        |
| Zone TTT     | \$13,982,557             | 2,885     | 90.0%                       |
| PPT Fleet    | \$2,778,004              | 1,060     | 4.8%                        |
| PPT non-FL   | \$17,945,034             | 13,443    | 27.6%                       |
| Bus/Van Pool | \$33,368,833             | 7,998     | 37.0%                       |
| Garage       | \$9,616,171              | 3,328     | 25.4%                       |
| All Other    | \$13,457,946             | N/A       |                             |
| Total        | \$143,206,535            |           |                             |

#### Section 6 - General Instructions

#### 6.1 Contact Information and Deadline of Submission of Proposals

It is intended that this be a "turnaround" document, i.e. that each proposer furnish all information in the format presented by this RFP on the forms provided herewith. Submissions of manuals, promotional literature and other documents should be minimized except as the proposer may consider absolutely necessary to meet the requirements of this RFP.

Each proposal shall include a letter of transmittal, not to exceed two pages in length, which bears the signature of an authorized representative of the proposer (see Section 3.12) and designates by name not more than two individuals authorized to represent the proposer with binding authority.

The letter of transmittal may also briefly set forth any particular information the proposer wishes to bring to CAR's attention.

The proposer shall provide one electronic copy of its proposal and deliver five copies of its proposal no later than 12:00 noon on April 15, 2016 to:

Mr. Richard Dalton Residual Market Services Commonwealth Automobile Reinsurers 225 Franklin Street, Boston, MA 02110 Tel: 617-880-2319

Your claim and management philosophy and proposed approach

- Your proposed services
- Your integration of functions
- The distinctive elements of your proposal and your firm's capabilities
- Your training and support commitments
- The experience of your firm with similar programs, with Massachusetts commercial business, and with other commercial business

commercial automobile insurance. The synopsis should contain a summary of

• Your additional recommendations for this engagement

your proposal and a brief description of the following:

#### 7.2 Implementation

7.1.4

Provide your implementation plan, referring to Section 2.10 of the RFP.

#### 7.3 Miscellaneous Provisions

#### 7.3.1 Capability to Respond to Significant Changes

Explain your firm's capability to respond to significant changes in this engagement.

#### 7.3.2 Exceptions to the RFP

Summarize material exceptions which your firm has to this RFP.

#### 7.3.3 Additional Services and Associated Costs

Referring to Section 4.7 of the RFP, list any additional services or approaches and the anticipated costs.

#### 7.3.4 Addendum

Specify in not more than two pages any additional information which your firm feels CAR should have in evaluating your proposal.

Since the selection of Servicing Carrier(s) to serve CAR's needs is an important and complex task, CAR will follow the process outlined in the following subsections.

#### 8.1 Request for Proposal (RFP)

This RFP is intended to provide the interested proposers with uniform information concerning the nature of the services desired and conditions for submitting proposals. The pre-response conference will be held to clarify any points which may be in question. In responding to this RFP, proposers shall adhere to the format provided herein so that comparable objective data will be provided for CAR's review and analysis.

#### 8.2 <u>Evaluation Responsibility</u>

CAR, with the advice of whatever consultants it may choose to engage, will have full responsibility for reviewing and evaluating all proposals submitted in response to this RFP and assigning such committees as are appropriate for making a final recommendation to CAR's Governing Committee.

#### 8.3 General Objectives for Evaluation

The general objectives to be evaluated include but are not limited to the proposer's ability to properly underwrite the exposures written through the Program according to classification and garaging (territory) and to eliminate fraud and mitigate the frequency and severity of losses through effective claims management and loss control.

Servicing Carrier(s) will be selected based on their proven ability to handle all classes of commercial business, except business written through the Taxi/Limousine Program. Measurement of a Servicing Carrier's qualifications will include a basis for an expectation of superior performance and improvement in overall underwriting results within the Program.

#### 8.4 <u>Evaluation Factors</u>

Proposals will be evaluated against the specifications presented in the RFP. A proposer may or may not be eliminated from consideration for failure to comply completely with one or more of the requirements, depending on the critical nature of the requirement. CAR will apply a weighted factor approach in its evaluation of proposals with each category evaluated from 0% to the maximum shown.

The award of an appointment pursuant to this RFP will be made to that responsible proposer(s) whose proposal is determined to have the greatest overall benefit to CAR, its Members, agents and insureds. CAR will apply the following weighted factors in evaluating the proposals received. The relative importance of these factors involves management judgments and will include both objective and subjective analysis. Refer to Section 8.7 for a summary of the evaluation factors.

#### Claims Evaluation

- A. Experience/Demonstrated Performance
  - 1. Demonstrated performance writing MA commercial automobile business (8%)
  - 2. Demonstrated performance with commercial automobile business, including servicing residual market programs (4%)
  - 3. General experience of proposer (3%)
- B. Personnel and Leadership
  - 1. Administrative and account management leadership (4%)
  - 2. Capability and experience of staff assigned (6%)
  - 3. Integration of claims operation with loss control (2%)
- C. Location of Staff (4%)
- D. Capability for Adjusting to Changed Exposure (3%)

#### 8.5 <u>Proposer Conferences</u>

Following the initial screening of proposals, some of the proposers may be eliminated from consideration. Those that have not been eliminated may then be requested at no cost to CAR to meet with CAR staff and its committees and advisors for the purpose of presenting distinguishing elements of its proposal and responding to questions. Each such conference may be expected to take up to two hours.

#### 8.6 <u>Proposer Selection</u>

The field of proposers shall be reduced to a group of finalists. The finalists, or a subset thereof, may be invited to participate in a more detailed review of qualifications and capabilities with CAR. CAR's personnel will also be available during that time to meet with each proposer's personnel to discuss any special requirements presented by this RFP. These conferences may be supplemented by visits to the proposer's office. Interviews with individual staff on-site may be required.

Concurrently, each finalist may be requested to submit supplemental information based on its meeting with CAR and the ongoing evaluation of its proposal. This supplemental information will also be considered in CAR's selection process.

Following the procedures previously described, CAR will make a decision regarding selection of the proposer(s) to whom it will engage for the purpose of servicing ceded commercial business.

#### 8.7 <u>Summary of Evaluation Factors</u>

| Category               | Claims | Underwriting | Loss Control |       |

#### Roberta

That's fine but you told me the other request are being worked on.

Do you know when I can expect those?

Also an in force list has nothing to do with the hearing. Who should I speak to about that ?

Thank you

John Rapo

**Subject:** Re: meeting request

#### Roberta,

Thank you for the update. I am also requesting an in force list by month and evidence to support the alleged violations.

When completed I will forward you a copy of the Request for Review.

Best-

John Rapo

Hi John - sorry I did not get the chance to respond yesterday. I'm out of the office, but I did have the opportunity to discuss your request with Arbella.

Arbella will be responding to your request for information. As to another meeting, it does not appear that it would be productive.

I understand you will representing yourself and you will be filing a Request for Review.

Kindly forward a copy of your Request for Review to my attention.

Thank you.

Subject: RE: Arbella Submission for the May 11, 2016 Market Review Committee Meeting

**Date:**2016-04-29 16:02

From: John Rapo < jjr@rapoandjepsen.com>

To: "O'Beirne, Lisa" < Lisa. O'Beirne@arbella.com>

Cc:"'jmetcalfe@commauto.com'" < jmetcalfe@commauto.com >, "Fitzpatrick, Roberta" < Roberta.Fitzpatrick@arbella.com >

Roberta,

In connection with Arbella's Notice of Termination of the Arbella Limited Servicing Carrier Agreement with RJIS and the upcoming Market Review Committee hearing on RJIS's appeal thereof, I am requesting that you produce to me the following documents so that RJIS may have a fair opportunity to respond at the Market Review Committee hearing to the most recent submissions to CAR by Attorney Fitzpatrick:

- Each report to CAR or RJIS by Arbella relating to concerns regarding potential fraudulent applications submitted to Arbella by RJIS
- · All records of infractions of the rules of CAR by RJIS maintained by Arbella
- All quarterly reports of premium, production and experience data that you Arbella provided to RJIS
- All training materials provided to RJIS by Arbella regarding claims reporting and fraud recognition
- All procedures of Arbella adopted to assure that RJIS complied with the Limited Servicing Carrier Agreement, including any documents evidencing whether and when such procedures were communicated to RJIS
- All SIU reports or documents generated in connection with any investigation, review or verification
  of garaging and policy facts pertaining to policies produced by RJIS
- Each correspondence and notice to RJIS from Arbella concerning potential fraudulent applications submitted to Arbella by RJIS or its customers
- All documents, memoranda and records of meetings conducted between Arbella and RJIS pursuant to CAR Rule 13B.5.g.
- All policies, information or procedures provided by Arbella to RJIS required for RJIS to effectively service policies ceded to CAR.
- All records, communications, memoranda and recordings of any meetings held between RJIS and Arbella in any way relating to RJIS's business practices or suspected fraudulent applications for commercial automobile insurance submitted by RJIS or its customers
- All documents concerning Arbella's efforts to verify the information contained in each and every application submitted for by RJIS which it contends to be fraudulent, including the efforts made at the time the application was accepted by Arbella
- Each and every request from Arbella to RJIS for additional information or verification that an
  applicant was engaged in the business identified on the application for insurance or that the
  insured vehicle would be used in connection with said business
- All written notices provided to RJIS by Arbella regarding any alleged violations of CAR Rules.

CAR DOCKET #MR16.04 EXHIBIT #6 PAGE 65 OF 174

- Any requests to RJIS by Arbella for information or documents to which Arbella contends in its Notice of Termination that RJIS failed to respond.
- All written requirements, standards, policies and/or procedures disseminated to RJIS by Arbella for verifying information provided by an applicant relevant to the stated business use of the motor vehicle. For any such documents, please provide proof that such documents were provided to RJIS.
- Any statutes, rules, regulations, or policy provisions promulgated by CAR, the Division of
  Insurance, the General Court, or Arbella, governing the minimum requirements necessary for an
  individual or business entity to obtain commercial motor vehicle insurance. Please also provide and
  documents showing whether and when you provided copies of said documents to RJIS.

Further, I am requesting that you produce these documents to me by close of business, Tuesday May 3, 2016, so that I may be afforded an opportunity to review them and timely submit additional exhibits to CAR in advance of the Market Review Committee hearing. Along with the documents, please also provide a written response with regard to each request indicating whether any responsive documents were found and have been produced and/or whether any responsive documents were withheld on the basis of a privilege or otherwise. If any documents were withheld as privileged, please describe each such document and state the facts which you believe render those documents privileged.

| Sincerely             |  |  |  |

## ARBELLA PROTECTION INSURANCE COMPANY LIMITED SERVICING CARRIER AGREEMENT

### Commercial Auto Producer Code: 46-0127

THIS AGREEMENT, MADE AT Quincy, MA this 22nd of April, 2011 by and between ARBELLA PROTECTION INSURANCE COMPANY (hereinafter called the "Company") and Representative Producer, RAPO JEPSEN INSURANCE SERVICES, INC. (hereinafter called "Producer") who agree as follows:

- 1. This Agreement will be effective as of July 1st, 2011, and is entered into for the sole and express purpose of enabling the Producer to bind and execute commercial auto contracts of Massachusetts Motor Vehicles insurance in accordance with the provisions of Chapter 241 of the Acts of 1983 of the Commonwealth of Massachusetts.
- 2. The Producer and Company agree to comply with the provisions of the Plan of Operation, Rules of Operation and Manual of Administrative Procedures of Commonwealth Automobile Reinsurers as presently existing or hereafter amended. Producer and Company further agree that any changes or amendments to Commonwealth Automobile Reinsurers are a part of this contract without further amendment.

### 3. HOLD HARMLESS AGREEMENT

The Company will hold the Producer harmless of any liability, including costs of defense, caused by Company error in the preparation, processing or billing of any renewed policy, provided the Producer did not cause, contribute to or compound such error and provided the Producer shall have given the Company prompt notice of any claim asserted against the Producer and provided further that the Company is permitted to direct the investigation, settlement and defense of any such claim.

## 4. OWNERSHIP OF EXPIRATIONS

The following conditions govern the ownership of expirations and the use of records relating to business placed by the Producer with the Company, both during the term of this Agreement and following its termination:

1

Ed. 2005

- (a) If the Producer is not in default in any financial obligation due to the Company, it is agreed that the Producer records and use and control of expirations will remain the property of the Producer and will be left in his undisputed possession, and the Company's record of names of insureds and expiration dates will not be referred or communicated by the Company to any other Producer nor used by the
- (b) If the Producer has not promptly accounted for and paid to the Company all premiums for which the Producer may be liable, or if the Producer is otherwise financially indebted to the Company, then ownership of the Producer records and use and control of expirations shall vest in the Company, and the Company shall have the right to make such use as it deems fit of the Producer records, the expirations, and its own records.
- (c) In the exercise of its rights to collect any indebtedness due from the Producer, the Company will be accountable to the Producer for any sums received which, net of expenses, exceed the amount of indebtedness. The Producer will remain liable for the amount by which the indebtedness exceeds the sums received by the Company.

#### 5. COMMISSIONS

As full compensation for services, Company shall pay Producer commissions on premiums written and paid for, in accordance with Rule 18, Commonwealth Automobile Reinsurers Plan of Operation, at the rates stated on the attached schedule. The commission rate on ceded business is assigned by the state and is therefore subject to change from year to year. Producer shall pay Company return commission at the same rates on any return premiums, including return premium on cancellations ordered or made by the Company.

### 6. PREMIUMS AND ACCOUNTING

Company for purposes of solicitation.

The Producer shall hold all premiums collected as a fiduciary trust, separate and apart from money belonging to the Producer, and pay such premiums to the Company as provided in this Agreement. All premiums paid to the Producer are the property of the Company, and commissions payable to the Producer are debts due to the Producer by the Company. The keeping of an account with the Producer on the Company's books is only a record memorandum of business transacted, and neither the keeping of such an account, nor the privilege of deducting commissions from premiums shall be deemed to waive the understanding that the premiums collected by the Producer are trust funds or otherwise change the character of such premiums.

## 7. PREMIUM ACCOUNTING - AGENCY BILLED BUSINESS

(a) The Producer is responsible for collecting and remitting to the Company all premiums on business the Producer placed with the Company.

Ed. 2005 2

- (b) A monthly statement of written premiums shall be rendered by the Company or by the Producer according to mutual agreement, and shall be submitted to the other not later than ten (10) days following the last day of the month for which the statement is prepared.
- (c) The monies due under monthly statements shall be paid not later than twenty (20) days following the last day of the month for which the statement is prepared.
- (d) Omission of any item from a monthly statement shall not relieve either party of the responsibility to account for and pay all amounts due, nor shall it prejudice the right of either party to collect any such amounts due.
- (e) Company reserves the right to suspend or limit Producer's authority to write agency billed business.

## 8. PREMIUM ACCOUNTING - COMPANY BILLED BUSINESS

In addition to the other applicable provisions of this Agreement, the following applies with respect to policies placed, by mutual agreement with the Producer and the Company, in the Company's direct billed programs:

- (a) Unless otherwise specified by the Company in writing, any application or policy submitted to the Company must be accompanied by either a deposit premium of not less than the required percentage of the estimated annual policy premium and must be received by the Company on or before the effective date of the policy.
- (b) Net commissions on premiums so billed are payable by the Company to the Producer within thirty (30) days after the end of the month in which the deposit premium has been received by the Company, or the effective date of a premium transaction.
- (c) The Producer shall be identified by name on all policies, premium notices, renewal certificates or questionnaires and cancellation notices and the Producer shall be provided a monthly summary of these transactions on direct billed policies.
- (d) The Company shall send Producer copies of renewal bills (except payment plan invoices), which are sent to the insured. Copies of inserts placed in company-billed renewal invoice mailings will be furnished to Producer prior to such mailing. Any business developed for the Company from such inserts shall belong to Producer subject to the terms and provisions of this agreement.

## 9. ACCOUNTING RECORDS

All accounting records of the Producer pertaining to business written through the Company shall be subject to inspection at any time when the Producer is in default of any monies due the Company.

Ed. 2005

## 10. TERMINATION

This Agreement will terminate:

- (a) Immediately upon the Producer's failure to comply with Rules of Operation and Manual of Administrative Procedures of Commonwealth Automobile Reinsurers;
- (b) Automatically in the event that the law creating Commonwealth Automobile Reinsurers is abolished by public authority;
- (c) Automatically in the event that the Company, either voluntary or otherwise, ceases to act as a servicing carrier for Commonwealth Automobile Reinsures.

## 11. MISCELLANEOUS PROVISIONS

- (a) Except as specifically authorized by the Company, the Producer has no authority to make, alter, vary or discharge any policy contract, to extend the time for payment of premiums, to waive or extend any policy obligation or condition, or to incur any liability in behalf of the Company.
- (b) Supplies furnished by the Company shall remain the property of the Company and shall be returned on demand. Producer shall make no use of Company's name or description of insurance policies or any of its trademarks except in accordance with the written instruction or written consent of the Company.
- (c) The Company shall not be responsible for the Producer's expenses such as rentals, transportation facilities, clerical help, solicitors' fees, postage, advertising, exchange, personal local license fees, or any other expenses whatsoever.
- (d) The fact that the Company may waive a default of defaults of the Producer or may not strictly enforce each and every provision of this Agreement, shall not constitute a waiver of any subsequent default or defaults, nor shall it constitute a waiver of change of any part of the Agreement.
- (e) Representative Producer shall keep the following records:
  - (i) Cash book of all transactions;
  - (ii) Copy of all billings and receipts given to insureds;
  - (iii) Individual files for all insureds containing all transactions and pertinent records for such insureds (i.e.: correspondence, accident reports, worksheets, endorsements and policy dailies);
  - (iv) Record of all policies, endorsements and cancellations ordered, for both his and the Company's protection.

Ed. 2005

4

## 12. SUB AGENTS AND BROKERS

Producer shall have no authority to appoint subagents, or to accept business from any insurance broker, except upon specific written authority.

## 13. AMENDMENT

This Agreement may be amended in writing at any time upon mutual agreement of the Producer and the Company to negotiate placement of other lines of insurance.

## 14. ASSIGNMENT, PRIOR AGREEMENTS AND NOTICE

No right, benefit or interest hereunder may be assigned without written consent of the Company. This Agreement supersedes all previous agreements, whether oral or written between the parties hereto. Whenever written notice is used by either party, the mailing of a notice postage prepaid to the last known address of the other party shall constitute notice.

IN WITNESS WHEREOF, this Amendment has been executed in duplicate this 22nd day of April, 2011.

## LIMITED SERVICING CARRIER AGREEMENT AMENDMENT

THIS AMENDMENT forms a part of the Limited Servicing Carrier Agreement entered into between ARBELLA PROTECTION INSURANCE COMPANY and RAPO JEPSEN INSURANCE SERVICES, INC. effective July 1st, 2011. The Agreement is amended as follows:

For good and sufficient consideration, your Agreement is amended to reflect your status as a duly appointed Producer assigned to the Arbella Protection Insurance Company as provided under the Plan and Rules of Operation of Commonwealth Automobile Reinsurers (hereinafter called "C.A.R.").

Pursuant to Section 113-H of Chapter 175 as amended by Section 17 of Chapter 241 of the Acts of 1983, your Agreement is subject to the conditions of appointment by C.A.R. to Arbella Protection Insurance Company as a Servicing Carrier. By accepting this Amendment you agree to comply with the Plan and Rules of Operation of C.A.R. as now constituted or as may be hereinafter amended.

IN WITNESS WHEREOF, this Amendment has been executed in duplicate this 22nd day of April, 2011.

#### **Additional Information**

### ADDITIONAL DRIVER INFORMATION :

Driver # : 1
Name : SDIP :

#### MISCELLANEOUS INFORMATION :

Ridesharing/T.N.C.: NO

#### ADDITIONAL VEHICLE INFORMATION :

: 0001 Rate Physical Damage Only? : No Plate Type Plate Number : Unknown Plate Number : Unknown
Bodily Injury Limit : 20000/40000
Personal Injury Limit : 8000
Property Damage Limit : \$100,000
Property Damage Deductible
Uninsured Motorist Limit : 100000/300000
Medical Payment Limit : 15000
Medical Payment Limit : 15000 Bodily Injury To Others Limit : 100000/300000 Underinsured Motorist Limit : 100000/300000 Collision Type : Full Waiver of Collision Deductible : Yes \$100 Glass Deductible : No Rental Reimbursement : 30 Towing and Labor : 100
Anti-Theft Device : 20%
Pollution Type : No Pollution Liability Coverage-No Surcharge : No Pollution Type Is this a Leased Vehicle
