| 1    | Q: And are you currently employed, Juan?                                             |
|      | A: Winchester Indoor Tennis Center                                                   |
| 1    | Q: And do you have a Massachusetts driver's license, Juan?                           |
|      | A: No.                                                                               |
| 1    | Q: Okay. Do you have a foreign driver's license? From a different country.           |
|      | A: Yes. From Guatemala, my country                                                   |
| 1    | Q: And with regards to - I came here today, I showed you some documents for this     |
|      | Pinto Service, Inc. It's listed as a painting company to you. Do you have a painting |
|      | company?                                                                             |
|      | A: No.                                                                               |
| 8    | Q: Who did you see over at Rappo? Who did you see at Rappo?                          |
|      | A: Daniel.                                                                           |
| 8    | Q: Daniel? When you went over there, Daniel gave you paperwork to sign? Did he       |
|      | explain it to you? Did he tell you what it was?                                      |
|      | A: No, they didn't explain nothing to me, and they just said, "Hold on a second. I'm |
|      | going to give you a bunch of papers" and he says to me, "Okay, this is your          |
|      | company", and they gave me the papers.                                               |
| 8    | Q: Did you tell him that you didn't have a company?                                  |
|      | A: No. At that moment, you know, I didn't know what was going on, so they just       |
|      | say that.                                                                            |
| 8    | Q: But, before you were aware that you were going to insure commercially because     |
|      | it was cheaper, correct?                                                             |
|      | A: Yes.                                                                              |
| 8    | Q: And the whole reason for having them make a company was just simply so you        |
|      | could get insurance. Is that correct?                                                |
|      | A: Exactly.                                                                          |
| 8    | Q: When you paid Daniel – you said you paid him eight hundred and forty dollars.     |
|      | Is that correct?                                                                     |

- Q. Okay. What year is that Honda?
- A. 2006.
- Q. And do you remember where you purchased that vehicle from?
- A. I bought it in Glendale Auto Service in Everett on Ferry Street.
- Q. Do you remember who you talked to over on Glendale?
- A. With the owner, Clasio.
- Q. Clasio? Okay. When you went to the dealership and you bought the car, how much did you
- A. For the car?
- Q. Yeah.
- A. I paid approximately they asked me for eleven thousand.
- Q. And did you end up financing some of the car?
- A. Yes.
- Q. Okay. Who did you finance it with?
- A. First Sale Financial.
- Q. And did they give you an option of different banks that you could use or was that the one
- A. They said basically that's the one that helped me in my situation with my international
- Q. Okay. Explain your situation to me. What do you mean with the international driver's
- A. Oh because, you know, I don't have social security and no Mass driver's license, and so many banks they don't give you opportunity to have credit with them without the social
- Q. Okay. So the dealership, to be more specific, Clasio specifically said this one will help you
- A. Yes.

- Q. Now, did they say anything else at the dealership? Did they tell you where to go for insurance or anything like that?
- A. Yeah. They recommended the Umbrella on the Rappo Agency on Route 16.
- Q. Did he tell you who specifically to go see over there at Rappo on Route 16?
- A. They actually started to do everything for me.
- Q. The dealership.
- A. Yes, the dealership.
- Q. What is it that they did?
- A. They say we want to recommend you a commercial policy and that way you can finish to pay off your car, and they're not going to cancel the policy to you.
- Q. Okay. Why did they say it's cheaper?

They said it's cheaper to me.

- Q. Did they tell you how much cheaper it would be?
- A. They don't like specifically know that because I guess at that moment they don't know how much it's going to be for me, but they say it's cheaper than going with the regular insurance.
- Q. Did they tell you it would be cheaper by a lot or a little bit?
- A. No. They didn't say nothing to me.
- Q. Did they tell you with the commercial insurance, did they tell you what type of business you had to have or anything like that?
- A. No. They didn't inform me nothing to me. They say they're going to do everything for me at the Rappo Agency.
- Q. Now, who said that to you? The dealership?
  - A. The dealership, the dealership guy.
- Q. Now, does the dealership guy drive you over to the agency or he just tells you to go over there?
- A. They just tell me to go over there when everything was done.

- Q. And so when do you first go to the Rappo Agency or where do you go after leaving the dealership? Let's start there.
- A. Oh, maybe after three or four days because they say they need to get the thing from the IRS –
   I don't know how you call that.
- Q. Sure. Who says they have to get the thing from the IRS? The dealership or the agent?
- A. The dealership guy.
- Q. Okay. And then when they tell they need the thing from the IRS, do they tell you to go somewhere to get it?
- A. No. No.
- Q. All right. How is it that you before when we were talking, you had mentioned that you had to go get an IT number?
- A. Oh, yes, but that thing is personal usage for getting the loan in the bank.
- Q. Okay. How is it so did you have an IT number before you purchased this vehicle?
- A. No.
- Q. How is it that you went to acquire the IT number and where did you go?
- A. I went to Brothers Tax thing in Broadway.
- Q. Okay. Who told you to go there or how did you pick that specific tax place?
- A. Clasio told me to go there too.
- Q. Did he give you anyone specifically to talk to when you went there?
- A. No. He just say go there and apply for your IT number.
- Q. Once you applied for the IT number, did you pay Tax Brothers money for that service?
- A. Yes. I paid a hundred and twenty a hundred and fifteen dollars in order to get that,
- Q. When you get the IT number, what do you do with it? Do you go back to Clasic and tell him what it is? Do you go to the insurance agent? What do you do?

- A. Yes. I just went back to Clasio, and I say to him, "Yes, I already apply", and he said okay, "Let's wait until you have that information and then the First \_\_\_\_\_ Financial Bank start to do your application" for the loan.
- Q. With the IT number.
- A. Yeah.
- Q. At what point in time do you go to Rappo Insurance? Is that after you get the IT number?
- A. Oh, yeah, like four or five days after.
- Q. Okay. So how did that work? You go to the dealership first, pick out the car, talk to Clasio, correct?
- A. Yes.
- Q. Okay. Then he tells you to go to Tax Brothers that same day?
- A. No. No. He just say he's going to start to make a quote for me on the insurance, and after that he says we're going to go for the Commercial Insurance at Rappo Agency, and they're going to do everything for you.
- Q. So Clasio tells you that Rappo's going to take care of everything, is that correct?
- A. Yes.
- Q. What point, after you leave the dealership, how many days do you go to Tax Brothers for the IT number?
- A. Oh, no, I just wait at my house until my IT number arrives.
- Q. Okay. But, did you go to Tax Brothers or did Clasio take care of that too?
- A. No. I just went to for my IT number, yes. I did it, yeah, I went.
- Q. To the Tax Brothers.
- A. To the Tax Brothers.
- Q. And that's where Clasio told you to go?
- A. Yes.
- Q. Was that the same day that you were at the dealership? Did you leave the dealership and go right over to Tax -

| A. I just go home and wait until I get the IT number about four or five weeks later.                                                                         |
| Q. Four or five weeks or four or five days?                                                                                                                  |
| A. Four or five weeks later.                                                                                                                                 |
| Q. Okay. And you got it in the mail?                                                                                                                         |
| A. Yes, I got it in the mail. The first thing they return me was my passport, and after I got the<br>second mail, you know, with my tax, with my IT number.  |
| Q. Okay. Now that you have both of those things, what do you do with them? Do you go back down to Clasic and tell him what they are or do you just call him? |
| A. No. I just – when that arrives to me, my IT number, you know, I already have my car<br>because it was four or five weeks later.                           |
| Q. Okay. So you already had your car. Was it registered?                                                                                                     |
| A. Registered and everything.                                                                                                                                |
| Q. Okay. Before you ever had the IT number?                                                                                                                  |
| A. Yes I can show it to you. The first thing the IRS send me was the other number they got for doing the business, Commercial insurance.                     |
| Q. So you got the Commercial tax number before you got your IT number.                                                                                       |
| A. Yes. Yes. The tax number I get it like three days after.                                                                                                  |
| Q. Okay. And where did you get the tax number from? Did you get that from Tax Brothers as well?                                                              |
| A. No.                                                                                                                                                       |
| Q. Okay. Where did you get it?                                                                                                                               |

- A. They did it for me at the Rappo Agency.
- Q. Okay. So when you go to the dealership, I just want a sequence of events. You go to the dealership, you talk to Clasio, correct?
- A. Yes.
- Q. Okay. He tells you to go to Tax Brothers for your IT number.
- A. For my IT number.
- Q. That's for the financing for the car.
- A. Yes, which is my personal number.
- Q. And you did that the same day for your IT number.
- A. Yes, the same day.
- Q. Then do you also go to Rappo & Jepson the same day?
- A. No.
- Q. Okay. When do you go to Rappo & Jepson for the first time?
- A. Four or five days later when they just say, you know, everything is ready. We have all the papers for you. They registered my car, and I just went to pay a hundred dollars.
- Q. To Rappo.
- A. To Rappo. Eight hundred and forty actually.
- Q. Eight hundred and forty?
- A. Yes.
- Q. So your first time going to the Rappo Agency, your vehicle was already registered and insured? Is that what you're saying? Did you drive the Honda over to Rappo?
- A. No, no, no. At that moment, I wasn't have my car registered. The car is still in the dealership.
- Q. Okay. So you get the call that says, "Hey, you have to come down and pay?"
- A. Yes. Pay first, and when I pay, they gave me my plates.

- Q. They gave you plates right there at the agent?
- A. No because Clasio had it at that moment so they have people to go to the registry and register the car.
- Q. Okay.
- A. Yeah.
- Q. So when you first go to the Rappo Agency, did they did Rappo call you and say, "Hey, can you come down and pay or sign?" Who called you?
- A. No. It was the same guy, Clasio.
- Q. Okay. So Clasio called you and told you you have to go over to Rappo?
- A. Yes. To sign papers and to get the all the papers they gave me for the company and all that, which is I didn't know what they do.
- Q. Who did you see over at Rappo? Who did you see at Rappo?
- A. Daniel.
- Q. Daniel? When you went over there, Daniel gave you paperwork to sign? Did he explain it to you? Did he tell you what it was?
- A. No, they didn't explain nothing to me, and they just said, "Hold on a second. I'm going to give you a bunch of papers" and he says to me, "Okay, this is your company", and they gave me the papers.
- Q. Did you tell him that you didn't have a company?
- A. No. At that moment, you know, I didn't know what was going on, so they just say that.
- Q. But, before you were aware that you were going to insure commercially because it was cheaper, correct?
- A. Yes.
- Q. And the whole reason for having them make a company was just simply so you could get insurance. Is that correct?
- A. Exactly.
- Q. When you paid Daniel you said you paid him eight hundred and forty dollars. Is that correct?

- A. Yes. Yes. Q. Does he give you a receipt or tell you what that money's for? A. No, he don't give me a receipt, and they say basically it's for opening the company and for paying the down payment on the insurance. Q. Okay. Now, from there, you go to - back to the dealership and pick up your car? Is that -A. Pick up the car with the plates. Q. The same day? A. Same day. Q. And when you go, Clasio has everything all ready for you? A. Yes. They -- actually, I went there, and I wait forty five minutes because --Q. At the insurance agent or at the dealer? A. At the dealer because the guy who goes to pick up the plates at the registry, it was that moment. Q. Okay. Now, when I came here today I showed you some filings for Pinto Service, Inc. with the Massachusetts Secretary of State Corporate Registry. Have you ever seen those documents before that I showed you today? A. Never in my life. Q. Did you ever tell anyone to file with the Massachusetts Secretary of State for you? A. If they tell me something about that? What was your question again? Q. Sure. Did you ever tell anyone to go ahead and make a filing with the State -A. No. Q. For you. A. No, never. I didn't know what they do, you know? The only thing I know, you know, is they
  - did for me in order to have insurance. Q. Okay. And that's all you knew.

Q. Right there while you were sitting there?

A. No. I wasn't there.

A. That's just what they told me.

Q. Okay.

- Q. Now, have you ever gone back to the Rappo Agency since taking this policy out?
- A. I went two times to pay the monthly -
- Q. For the premium?
- A. For the premium, yeah.
- Q. How is it that you made the payments? Did you pay cash? Did you pay check?
- A. I paid cash two times because I didn't know I need to have a money order.
- Q. Okay. And when you paid cash, did they give you a receipt for these payments?
- A. Yes. Yes.
- Q. Now, when you took this policy out, did you pay to enroll in some kind of auto club for like roadside assistance in case you break down? Did they mention any of that to you?
- A. No. They don't mention nothing that to me.
- Q. Did they tell you what any of this eight hundred and forty dollars was for?
- A. No. They say just for the down payment of the insurance and the commercial thing, you know?
- Q. Now when you went back, you had said before that your down payment for the insurance wasn't eight hundred and forty dollars. Do you remember how much your down payment was?
- A. Yeah. I just found out when I made my first payment on my premium, the lady over there says, you know, "Oh and I ask her why I need to pay one twenty four, and she said, "Yes, because, you know, we only put like three hundred and something for your down payment."
- Q. Okay. Well, where did the rest of your eight forty go that you paid?
- A. I don't know.
- Q. Again, I probably already asked you, but you got a receipt for that eight forty?
- A. No. No.
- Q. So you have no idea where that -
- A. No, I have no idea. My concern, the way I think anyways, you know, maybe all the money went to the down payment.

- Q. Okay. Is that what they told you that the eight forty was for the down payment, or did they explain to you that they were going to take that eight forty and pay other things?
- A. No. No. They didn't say nothing to me. That's what I assume, you know, myself.
- Q. All right. And so just to be clear then, this Pinto Service, Inc. does not exist then correct? It was just for the purposes of obtaining insurance?
- A. Exactly.
- Q. The dealership and the agent did that for you.
- A. Yes. They did all that for me.
- Q. Had they given you the opportunity to insure the vehicle in your own name as Juan Carlos Pinto, would you --
- A. No.
- Q. They never gave you that opportunity?
- A. No.
- Q. Hypothetically, had they given you that opportunity, would you have done that if you could?
- A. Of course, yeah.
- Q. Just to be clear, Juan, this conversation was recorded. Was this done with your permission, sir?
- A. Yes.
- Q. Did you understand all the questions that I asked you today?
- A. Yes.
- Q. Were all your answers true to the best of your knowledge?
- A. Yes, true.
- Q. And I know being from Guatemala, you speak very good English, but is English your primary language or a second language?
- A. Second language.

- Q. Is your primary language Spanish?
- A. It's Spanish.
- Q. Was there any problem language wise understanding my questions or what I meant when I was asking you these questions because of that language?
- A. No. No.
- Q. All right. And I had no problem understanding your responses. Were all your answers true to the best of your knowledge and knowing that you understood everything that I asked?
- A. That's true.
- Q. And, again, was this conversation recorded with your permission?
- A. Yes.
- Q. I will end the recording at this time.
