Subject: Ongoing Investigation into Rapo & Jepsen Insurance Agency

Investigator(s): Ed Spellman III & Frank Hart

Overview: As a result of an increase in overall volume and numbers regarding the Rapo & Jepsen Agency's book of business with Arbella a meeting was held in the Bow conference room of Arbella Insurance 1100 Crown Colony Drive Quincy, MA on 1-20-2016 at 10A.M. to discuss the following meeting agenda items:

- 1. Rapo & Jepsen policy and premium growth
- Loss Ratio on Book
- Policies and Procedures implemented to ensure that only legitimate businesses obtained Commercial Policies
- 4. Discussion of our review of new business policies
- 5. Fees for non-insurance services
- 6. High growth rate of fraudulent claims from Rapo & Jepsen insureds
- 7. Co-operation with Arbella investigations
- 8. Employee training and supervision

Meeting Participants: in attendance was Investigators Frank Hart & Ed Spellman III, Eileen Currie Arbella's Senior Vice President of Commercial lines, and representing the Rapo & Jepsen Insurance agency John J. Rapo.

1-2015 Meeting Summary: It was explained to Mr. Rapo that his growth over the past year was exponentially larger than the rest of Arbella's ceded commercial agents. In 2014 Rapo & Jepsen had 2961 ceded commercial policies totaling \$6.7 million in premiums. In 2015 Rapo & Jepsen had 5370 ceded commercial policies totaling \$11.9 million in premiums. This represents an increase in premium amount of 44%. Premium totals for all other agencies writing ceded commercial policies for Arbella (about 250 agencies) only increased about 10%. Mr. Rapo accredited this growth to the fact that they are well known in the communities where his offices are located (5 locations-Marlboro, Framingham, Everett, Boston, & Lowell). They offer many other services to their clientele, and are open more hours than their competitors. He indicated that he thinks he had four licensed producers working for him, Bruno, Eliana, Ivan, and himself; however all of the applications have him as the licensed producer. He also indicated that all of this growth is achieved

simply by word of mouth; they spend \$0 on an advertising budget. He writes for a variety of carriers voluntarily; however Arbella is his only assigned servicing carrier for commercial auto, which admittedly is a large portion of his book of business. He explained that his staff is all bilingual and some trilingual in the languages of English, Spanish and Portuguese. He has no office managers and is typically in all of his offices regularly although not on the floor. Mr. Rapo indicated that he has no formal operating procedures or guidelines for his business operations. He provides no formal training to his employees with regards to assisting their clientele in the formation of a business. Essentially he admitted they merely have the person who has been doing it for a while show a new employee how to do things based off of how they have been conducting business. He assured Arbella he knows what is happening in "his" offices and everything funnels up to him. He can be reached at any time through email or cell phone for any concerns we may have. (617-999-0290)

As we began to discuss our concern(s) surrounding the growth and the assurances he had made in prior conversations with Arbella, specifically as to the legitimizing of businesses that were obtaining commercial policies through his agency, he said "let's get straight to the point... The system is broke and it allows him to set up corporations for his clients" he explained. "It doesn't matter if someone works one day a month doing something on the side, they can have a business Someone who works at McDonald's 5 days a week but once a month does something on the side allows them to form a business for it". He knows that Commerce (through a third party investigator) and Safety are both investigating this issue. He personally knows of 20 other agents that are doing the same thing. Mr. Rapo said he has been involved with helping people insure their vehicles since 1999 through all the carriers he has worked with. Mr. Rapo said Rapo & Jepsen initially was sending their customers out to other vendors to help form the businesses (such as tax advisors etc.), but they were trying to charge the customers as much as \$1,400 to do it. Mr. Rapo said that he decided to help them set up the businesses and corporation(s) within his own office and charge fees. He viewed it as they had the capability to help service the customer and that was money walking out the door.

Mr. Rapo explained he had checked on the legality of forming the businesses/corporations for his clientele with his long time attorney David Bakst of Morrison, Mahoney, & Miller. He advised us that Attorney Bakst had drafted a letter for him which his customers sign allowing him to create a business for them. Mr. Rapo would not call it a power of attorney or a limited power of attorney, but referred to it as a letter; however for the purposes of the conversation this is how Arbella referred to that document. Mr. Rapo indicated that he would provide us with a copy of the document should we request it. He indicated that with every business/corporation they help set up, they retain a signed copy of this form in their file. Mr. Rapo confirmed that the customer is not given a copy of the signed document. Mr. Rapo indicated that due to prior involvements with his agency and Arbella he requires employees to check with him when releasing information; however if we ask for the entire file that is what he instructs them to give us. He will only give what we ask for. When asked as to why it is then when Arbella requests the file at their offices, and we ask for the entire policy file, we have never seen this "letter" in any file we requested. Mr. Rapo indicated that he did not know, as it should be in their files. (Note: He later said he is assuming the document is in the file.)

Mr. Rapo indicated that he retains all of the signed paperwork and it is scanned into their system which he referred to as being called AFW and then the physical paperwork is destroyed. He went on to explain their payment allocation software system they use at his agency called Intalio which he described as being similar to Intuit. He uses this system to input and allocate all of his funds, from the fees he charges, to insurance down payments, and payments to the Secretary of State for the

business creations. He also indicated that this is the system in which they generate their receipts from for all of their fees. Mr. Rapo was adamant that every customer gets an itemized receipt which they sign acknowledging that they understand what the charges are for and then it is placed in the policy file. "The Intalio system will not allow you to move forward in the process without it".

With regards to the fees themselves, Mr. Rapo explained that he charges \$500 for setting up a corporation, \$265 of which goes to the Secretary of State, and he keeps the remaining amount. Over the last year an increase has been seen in the amount of businesses that were being set up in Trusts, When asked about the fee he charges for setting up a trust, Mr. Rapo had no explanation or breakdown as to what the charge was for or how much he charged. As far as the declaration of the trust he indicated that Attorney Bakst had set up a blank form that they merely enter the information on and have it notarized in one of their offices. Then they submit that to the IRS to obtain a tax number. Mr. Rapo had indicated that although his wife is Brazilian and his 4 kids are as well. When asked what the Portuguese word was for "trust" he indicated he did not know as he himself is not bilingual, he may be able to understand a few words here or there but he himself is "just a stupid American". Mr. Rapo went on to say that he is no longer helping customers set up trusts. He said he had a meeting in November and decided to discontinue this practice. Since that time he only intends to place customers with corporations.

Mr. Rapo did not have any explanation as to why he started using trusts or why he suddenly discontinued the practice. He was very uncomfortable discussing the issue. Upon further questioning in this area stated "I'm not going to sit here and be deposed by you".

Previously through our policy review process Arbella had seen several charges for an auto club fee in the amount of \$100. Mr. Rapo said he no longer charges an Auto Club fee. He said this has been replaced by an Administration Fee (also \$100) which covers the "free" translation, registry, and notary services he provides. Mr. Rapo explained how his employees set up a tax ID for the customer with the IRS and then files the application for a corporation using fax and/or the internet. The payment to the Secretary of State is done out of his Intalio software somehow from a credit card or bank account electronically. Once the business is formed the information is then submitted by Rapo & Jepsen to the registry of motor vehicles and submission is made to Arbella to insure the policy.

He described the process as when someone comes in without a business, they speak to them to assess their needs and place them with a carrier. If they say they have a business or are trying to form one his agency doesn't question them any further on it. They will have them sign the form created by Attorney Bakst and then the Rapo & Jepsen employee will proceed right in the office to obtain an EIN tax number for them from the IRS and then register them with the Secretary of State as a corporation. If they have a business already established whether it is registered with the Secretary of State or not; they will also place them with a carrier (only option in that case is Arbella). Mr. Rapo said that he also has about a \$12 million book of personal line business with Occidental Insurance and MetLife Insurance. He also stated that he writes for Travelers, US Alliance, Atlantic, Charter and Foremost. If a customer comes in, they always have the option of asking for a personal policy rather than business. He informed us the other carriers have agreed to write foreign licensed operators such as Occidental. Mr. Rapo explained that Occidental will voluntarily write those policies with 15% down and a 13.5% commission rate to his agency and have agreed to not non-renew if the operators are unable to obtain a Massachusetts driver's license due to their status as an

undocumented citizen; however he admittedly indicated in those instances the customer would not be charged any of the business formation fees.

When asked if he had ever been contacted by an Immigration attorney, the IRS or Secretary of State regarding the formation of these businesses potentially jeopardizing a customer's citizenship, he indicated that he is very familiar with immigration policies and procedures. He uses an immigration attorney named Brian O'Neil for years. Mr. Rapo said that he currently has four Brazilians living in his house that Brian is helping to obtain their Visas.

At one point, Eileen left the room. Mr. Rapo began talking by saying that, "We all know what is going on." He discussed how the immigration problem in this country could be ended immediately by not allowing undocumented aliens to work in this country, and he stated that he was for not issuing them licenses as they were here illegally. He went on further to indicate that being illegal is almost better than being legal as you are not in the system and they cannot do anything to you. When you are under the regulations they can impose them on you; however when you are not in the system what can they do to you?

Rapo again addressed the phenomenal growth of his business by saying that he has had the same long time employees to work with their customers. The Rapo & Jepsen agency provides registry of motor vehicle runner services, and translation services. People can come in and pay with cash which is the preferred form of payment for much of his clientele. Mr. Rapo said he was handling so much cash; he had to install "reverse ATM machines" in his office. He said customers also come in with other non-insurance related issues, and they help them out with those problems by providing a wide array of services. He said the agency is well known by word of mouth in the Brazilian and Hispanic communities. He said the word is out there.

We asked him given the fact that he had staff that did such services as translation services, and he charged for the translation of documents when customers would come into his office with their electric bill or whatever the document was, did he have insurance forms or the correspondence that Attorney Bakst had drafted for him translated in multiple languages so that the customers could read them in their native language and he indicated that he did not. Mr. Rapo relies solely on his employees to verbally explain things to those customers that cannot read English, which is most likely Spanish or Portuguese according to him based on his clientele. This includes the explanation of fees for the services that Rapo & Jepsen is providing the customer.

Mr. Rapo indicated that regarding customers coming in to set up businesses, Rapo repeatedly said that the word is out in the community that this is how a person can register a car as a business. Word has spread through the community and as Mr. Rapo stated "if I'm not doing it, someone else will".

## S.LU. UNDERWRITING INVESTIGATION

Investigator(s): Ed Sp	ellman III & Frank Hart
------------------------	-------------------------

Agent: Rapo & Jepsen

Insured: RMM General Services Inc.

Policy Number:

Review of Policy Documents: On 10-21-2013 an application for a commercial auto policy was submitted to Arbella for named insured RMM General Services Inc. the corporation has a listed tax number of \_\_\_\_\_\_\_\_ The business is described as a painting business. The policy scheduled one vehicle a 2004 Mazda 6I bearing \_\_\_\_\_\_\_ and had one listed operator Rodrigo M Monteiro. Arbella received \$260 as a down payment on this policy.

According to the secretary of state the corporate filing was done on 10-18-2013

Field Investigation: Investigators Frank Hart and Ed Spellman III travelled to the policy address of

The insured was found to reside at the policy address. The assistance of a friend Paolo Andrade was utilized in order to translate and obtain a statement from him. Rodrigo Monteiro had no idea what a corporation is and does not have any business of his own. He worked most recently for Jose Hosha doing odd jobs in construction/painting for cash, however he was currently unemployed.

He was asked about the corporation. He claims he did not even know what RMM General Services was and had never heard of it before. He denied ever seeing the corporate articles and that this was the first time he had seen them. He stated that he just wanted to open insurance and that Rapo & Jepsen had done the rest. He paid them \$1400.00 in cash. Rodrigo has a Massachusetts license which he produced at the time of the statement. Rodrigo stated he was not explained anything at the agency. He claims Rapo & Jepsen told him they were going to do everything for him. The insured never told anyone to open a business for him, never told anyone or gave permission to apply for an EIN or apply at the Secretary of State. He simply paid the agent \$1400.00 cash and went back a few days later and picked up the plates for the car. Rapo & Jepsen handled everything according to Rodrigo.

Summary/Conclusion: Rodrigo Monteiro is a 24 year old construction worker who does odd jobs for cash. He has a MA driver's license for the past year and a half. He had no knowledge of the alleged business RMM General Services Inc., no knowledge of the tax number associated with the corporation or how it was created. He merely indicated he paid \$1400 to Rapo & Jepsen and they took care of everything, when he came back his car was registered. He never received a breakdown of where the \$1400 went.

### S.I.U. UNDERWRITING INVESTIGATION

Investigator(s): Ed Spellman III & Frank Hart

Agent:

Rapo & Jepsen

Insured:

MIG Company Inc.

Policy Number.

Review of Policy Documents: : On 10-10-2013 an application for a commercial auto policy was submitted to Arbella for named insured MIG Company Inc. the corporation has a listed tax number of The business is described as a painting business. The policy scheduled one vehicle a 2006 Chrysler Town & Country bearing and had one listed operator Walter Chaves. Arbella received \$300 as a down payment on this policy.

According to the secretary of state the corporate filing was done on 10-10-2013

Field Investigation: Investigators Frank Hart and Ed Spellman III travelled to the policy address of MA. The insured was not found at the policy address. Cards were left in order to reconnect. A few days later Ed received a call from a person who identified himself as the principal of the corporation and contact for the business Walter Chaves. Walter denied having a painting company and indicated that he is a carpenter and works for the JEN Company as a carpenter/employee.

Walter stated that he went to the Rapo & Jepsen agency on Rt. 16 in Everett and spoke to Daniel Bertolazzi (he knew his first and last name). He indicated that Daniel did not explain a 100% what he was doing to open the insurance. He understood that Daniel was applying for an EIN for him and a corporation solely for the purposes of obtaining an insurance policy. Walter had no idea what the fees were associated with doing so. He paid \$1300.00 in cash to Daniel to take care of everything. Walter did admit that he signed the paperwork to do it all. He claims there was no breakdown of the charges; merely it was \$1300 he had to pay to get insurance. Walter explained to Arbella that if he had a license, he wouldn't need to pay this much or get insurance this way. However, since he did not have a license, he is forced to do it like this. Walter acknowledges that they set the corporation up for him knowing it didn't exist and was done simply to get the insurance. Walter had a DBA beforehand that was cancelled which is why this time; they had to do it this way Daniel explained to him. His DBA was also through Rapo & Jepsen and was also done by Daniel.

He states the company was for the purpose of getting auto insurance and he chose the name MIG Company because it is the state he comes from in Brazil. Since he has been insured with Athella through the Rapo & Jepsen agency he has never owned a business of any kind.

Summary/Conclusions: Walter Chaves has no business. He openly admits that the agent created the MIG Company Inc. solely for the purpose of obtaining a commercial auto policy through Arbella. Walter has no license and indicated to Arbella if he did he wouldn't have to do it like this or pay so much. He acknowledged his involvement in allowing the agent to set up the fake corporation; however appeared credible with his lack of knowledge as to the fees associated with things. He merely knew that \$1300 was what Rapo & Jepsen was charging for him to get insurance.

## SIU Investigation Report

#### S.LU. UNDERWRITING INVESTIGATION

Investigator(s): Ed Sp	ellman III & Frank Hart
------------------------	-------------------------

Agent: Rapo & Jepsen

Insured: Messias Services Inc.

**Policy Number:** 

Review of Policy Documents: On 10-3-13 an application for a commercial auto policy was submitted to Arbella for named insured Messias Service Inc. the corporation has a listed tax number of The business is described as a painting business. The policy scheduled one vehicle a 2000 Toyota Camry bearing VIN# and had one listed operator Messias Da Silva. Arbella received \$280 as a down payment for this policy.

According to the secretary of state filings the corporation was filed on 10-1-13

Field Investigation: On December 27th 2013 investigators Frank Hart and Ed Spellman III travelled to the policy address of

The insured was found to reside at the policy address. He indicates that he works as a painter for someone else right now.

He was shown the corporate articles and confirms he has never seen them before. He has no idea where they came from. He denies signing any paperwork to set up a corporation at Rapo & Jepsen insurance agency. Messias does not have any driver's license whether foreign or domestic.

After meeting with Messias, Ed received a call from OBTS's, Lillian O'Brien telephone number is

She identified herself as a legal assistant at this service in Revere,
MA. She was very concerned that Messias was there with these business documents because they were trying to help him become a citizen and he had these documents which they had no knowledge of prior to our visit. She informed Arbella that Messias did not have a business and that she thinks the agency had set this up for him without explaining it to him because he did not have a license.

Summary/conclusion: Messias had no knowledge of a corporation; he denied allowing anyone to file for one on his behalf. He does not own a painting business but does occasional work as a painter for someone else. According to OBTS they suspect agent filed for documents without his knowledge or proper explanation due to the fact that he had no license.

Investigator(s): Ed Spellman III & Steven Fuller

Agent

Rapo & Jepsen

Insured:

Manuel Deleon Ventura: DBA JET 617 TALORING

Policy Number(8):

Claim Number: 033583095

Facts of claim: Steven Fuller was assigned a claim for policy number for insured Manuel Deleon Ventura: DBA JET 617 TALORING bearing claim number 033583095 with a date of loss of April 30, 2015. It was reported to Arbella that the insured's 2009 BMW X-5 was parked near the insured's residence unattended and when he came back to it there were several scratches all over the vehicle, including headlight covers and profanity written into the hood panel.

#### Summary of claims investigation

Policy Investigation: A review of the policy documents revealed that the insured was listed as a "TAYLORING" business; however was alleged to be operating as a DBA JET 617 TALORING. In the initial report of claim Mr. Ventura explained he had just gotten home from work when he parked the vehicle prior to coming back to find it damaged. He informed Arbella he works at the Marriot, Boston Hotel. In the policy documents there is a business card for JET 617 TAILORING that lists Manuel as a "Taylor/Owner". There is also IRS paperwork for the application of a tax ID number of:

which was dated 2-28-14 which is the same date on the application of insurance 2-28-2014. Arbella received a down payment of \$280 for the policy.

There was a Mercedes on the policy previously which was still on the policy at the time of this loss; however the insured informed us in early April late March he paid the agent \$130 to switch the vehicles; after some back tracking it appears an endorsement was filed prior to the date of loss but not applied to the policy for an unknown reason.

Claims Investigation: The claim pattern followed a similar fact pattern with several other claims being investigated in SIU 033582837 & 033585542, which involved high end vehicles being vandalized, the insurance agent was the same as was the repair facility in each claim. The insured Manuel Deleon Ventura was interviewed by Investigator Steven Fuller as part of the claims investigation. It was determined that he has a valid Massachusetts driver's license and a social security number. He is currently employed at The Marriot Boston Hotel as a front desk clerk. Previously he was employed at Russo's tuxedo shop for roughly 2 years. He was shown the business card and tax information associated with his policy application. He had no idea of the origins of the business card and never applied for or gave anyone permission to apply for a tax number for the business of JET 617 TALORING. He had no idea how he ended up with a commercial auto policy

as he has no business of his own and at no time ever ran a Tailoring business. He denied receiving any documentation regarding the allocation of funds he paid totaling \$800 for insurance.

Claims Resolution: The claim remains under active SIU investigation and is unresolved as further inquiry into whether or not an accident direct and accidental occurred as alleged. It has been determined through speaking to the insured that he does not operate a tailoring business currently and never has, any documentation (business cards, tax numbers, etc..) associated with the alleged business were not done by the insured or with his permission.

It was reported that his 2004 Nissan maxima was struck while parked and unattended damaging the entire passenger side of the vehicle.

#### Summary of claims investigation

Policy Investigation: A review of the policy documents revealed that the insured was listed as a "Masonry" business; and was alleged to be operating as a DBA SD Masonry. In the policy documents there is a business card for SD Masonry. There is also IRS paperwork for the application of a tax ID number of which was dated 09-15-2014 which is the same date on the application of insurance 09-29-2014. Arbella received a down payment of \$450 for the policy.

Claims Investigation: A expert in accident collision damage analysis was asked to view the damaged vehicle due to the fact that the appraisal photographs depicted damage(s) in which it appeared was not consistent with the loss description of the vehicle being struck while parked and unattended. The results of the expert's findings indicated that the vehicle was in forward motion. There was high visibility yellow paint transfer in the area of damage compelling a conclusion to be reached that the passenger side of the insured's Nissan came into contact with some kind of fixed object while under operation. As part of the investigation Mr. Diaz was interviewed by Investigator Steven Fuller. Mr. Diaz testified that his vehicle was parked and unattended on Eutaw St when he came back to find the vehicle damaged. He is employed at the Whole foods in and has a Massachusetts driver's license and a social security card, as well as obtained his green card. He indicated that he does not even know what a Masonry business is or does. As a result he indicated that the policy documents (business card and tax paperwork, etc...) were not done by him or with his knowledge; however he was given the option to obtain a commercial policy and opted for that for the financial benefits.

Claims Resolution: The claim was denied as a result of the material misrepresentations made by the insured as to the facts of the alleged incident. The physical evidence simply did not support his version of events. As a result of the denial a referral was made to the Insurance Fraud Bureau of Massachusetts. It was later learned that the insured confessed to conspiring with the body shop to enhance damages to the vehicle, and that their investigation remains ongoing.

### S.I.U. UNDERWRITING INVESTIGATION

Investigator(s): Ed Spellman III & Frank Hart

Agent:

Rapo & Jepsen

Insured:

Lazo Trust

**Policy Number:** 

Review of Policy Documents: On 11-23-2015 an application for a commercial auto policy was submitted to Arbella for named insured Lazo Trust. The Trust has a listed tax number of the business is described as a Construction business. The policy scheduled one vehicle a 2005 GMC Envoy bearing VIN#

and had one listed operator Luis A Lazo Zhau. Arbella received \$160 as a down payment on this policy.

No declaration of trust was submitted with the policy documents.

Field Investigation: Investigators Frank Hart and Ed Spellman III located the insured at the policy address of

He is employed as a roofer by various companies and is paid a daily wage for his services. He indicated that he went to the Rapo & Jepsen agency in Framingham and told them he wanted to insure a family vehicle. He denied at any time making any representations to them that he had a business or wanted a business. He had no idea where the tax number associated with the trust originated from. He had no idea of what a trust even was or how one creates a trust. He is from Ecuador and has a license from that country; Mr. Lazo did teceive a breakdown of charges in the form of a receipt from Rapo & Jepsen agency totaling \$1090. He explained that the only fee he was told anything about was the registry fee which he simply was told it is for the license plates. Luis speaks and reads only Spanish; despite this he was given all documents in English only.

Summary/Conclusion: Luis Lazo has no construction business of his own, he works for various people and is paid daily. He has no idea as to why he has a business auto policy or how this Trust in his name came to be. He only told the insurance agent Rapo & Jepsen that this was a family vehicle. He did not have an understanding of anything itemized on the receipt he was provided. The only thing he was told regarding the allocation of his \$1090 was that \$478 of it was for the license plates. A review of the RMV-1 for his policy obtained from the registry shows the fees were actually \$353.75 a difference of \$124.25 that is unaccounted for. Mr Lazo indicated that he was originally from Ecuador however why on the application is it listed he had a prior foreign license from Brazil?

### S.L.U. UNDERWRITING INVESTIGATION

Agent:

Rapo & Jepsen

Insured:

Erica Fialho DBA Erica's Cleaning

Policy Number:

Review of Policy Documents: : On 09-20-2011 an application for a commercial auto policy was submitted to Arbella for named insured Erica M Fialho DBA Erica's House Cleaning the DBA has a listed tax number of \_\_\_\_\_\_\_ The business is described as a Janitorial and Cleaning Services business. The policy scheduled one vehicle a 2007 Jeep Grand Cherokee bearing VIN# \_\_\_\_\_\_ and had one listed operator George \_\_\_\_\_\_. Arbella received \$261 as a down payment on this policy.

There is what appears to be a Microsoft word generated document which alleges that George Nichols is an employee of the company and the driver of the insured vehicle. The form is alleged to be signed by Erica Fialho.

Field Investigation: On March 8 2012 I located the jeep from the policy at the policy address of shortly after a woman approached who was later identified as Erica Fialho, she indicated that she would not discuss matters with me at this time. I left her my card for re-contact for a later date should she be willing. I later received a call from George telephone number to the indicated that he used to date Erica and by no means is he an employee of her business, she contacted him this morning after I spoke to her. According to George Erica is nervous being from Brazil. George indicated that he did go with her to the Rapo & Jepsen agency when she took out the policy for insurance; They were speaking in Portuguese which he does not understand. George refused to sign anything but did give a copy of his license.

Later that day I spoke with Erica Fialho telephone number , she informed Atbella that she had been cleaning only residential houses for about 6 years. She has one employee Maty Ferreira who she pays cash. Erica admits she has no social security number and no driver's license from Massachusetts; however she does have a valid Brazilian driver's license. She indicated that when she went to the Rapo & Jepsen Insurance agency they informed her that she needed someone with a MA license in order to take out the policy. The woman at Rapo & Jepsen created the employee form that stated George was an employee which Erica admitted to signing despite knowing he was not an employee. Rapo & Jepsen employee advised Erica on how to go to city hall and obtain a business certificate. According to Erica she paid \$461 dollars to the agent on the first visit. Erica did indicate that she pays taxes with her IT number and knows nothing of the business associated tax number.

She never gave anyone permission to apply for the business tax number.

Erica had a receipt of the \$461 she paid to the agent which she provided to us. It states nothing on there about what the monies were for or how they were allocated.

Summary/Conclusion: Erica does appear to have a cleaning company where she cleans residential homes. She has an employee who she pays cash but it is not the listed operator George Nichols. Erica admits that she signed the employee form that Rapo & Jepsen had made up because they told her she needed someone with a MA license to get insurance because she had no social security number and only a Brazilian license. Erica knew nothing about the business tax number and never gave anyone permission to create it for her. Based on the evidence obtained it also appears that Erica paid \$461 at the time she took out the policy however her down payment was only \$261. There is no indication of where the \$200 went.

# **SIU Investigation Report**

Investigator(s): Ed Spellman III & Steven Fuller

Agent: H

Rapo & Jepsen

Insured:

Roberto Cedano: DBA Cedano Marketing

Policy Number(s):

Claim Number: 033585542

Facts of claim: Steven Fuller was assigned a claim for policy number for insured Roberto Cedano DBA Cedano Marketing bearing claim number 033585542 with a reported date of loss of May 6, 2015. It was reported that his 2008 Mercedes Benz R350 was vandalized while left unattended on Peabody St in Salem, Massachusetts.

#### Summary of claims investigation

Policy Investigation: A review of the policy documents revealed that the insured was listed as a "Marketing" business; and was alleged to be operating as a DBA Cedano Marketing. The Application for a commercial auto policy was submitted 8-18-2014. There is also IRS paperwork for the application of a tax ID number of which was dated 08-13-2014. In the policy documents there is a business card for Roberto Cedano "RC Marketing Guru". Arbella received a down payment of \$280 for the policy.

Claims Investigation: This claim was part of several being investigated by Steven Fuller of the SIU, involving high end vehicles being vandalized under suspicious circumstances all of which were being repaired at Exotic Collision in Revere, Massachusetts. As part of the investigation Mr. Cedano was interviewed by Investigator Steven Fuller. Mr. Cedano testified that his vehicle was parked and unattended on Peabody St. when he came back to find the vehicle damaged. He resides in and not in tas policy application indicated. He stated he was employed doing odd jobs as a painter/carpenter and has a valid Massachusetts driver's license, which he provided as identification at the time of the recorded interview. He indicated that he does not even know what a Guru is, and became irate when shown the IRS tax paperwork and business card for "Roberto Cedano RC Marketing Guru" for his alleged business. He indicated that the policy documents (business card and tax paperwork) were not done by him or with his knowledge.

On June 3, 2015 Steve Fuller received a call from the insured and allegedly his brother, where they indicated they had returned to the agency and were met with resistance. He found out they charged him \$150 per vehicle insured under the policy, but he has no idea what the charge(s) were for (he had 3 vehicles on the policy the 08 Mercedes involved in loss, a 01 Nissan Pathfinder, and a 97 Honda Accord). The insured also indicated that he had called Commerce to change policies and they had indicated to him they had heard of similar instances involving the Rapo & Jepsen Insurance agency.

Claims Resolution: The claim was withdrawn by the insured at his request. On or about June 12, 2015 the insured called and spoke with Jeffrey Ward (claims service center). The insured conveyed to Mr. Ward that he wished to drop the claim. Subsequently, we received a call from Leandro and John Rapo regarding an Attorney General complaint wanting to know why the claim was denied. Steve made them aware that it was not denied and that the insured voluntarily contacted us and indicated he wished to withdraw his claim from us. We sent the insured a withdrawal affidavit (dated June 16 2015) which he signed and sent back to us. Subsequently, the insured had another claim in the same vehicle on June 24, 2015 bearing claim 033604452 whereby the insured was arrested after a collision for OUI. The claim was reviewed and despite it being taken back to the same repair facility there were no indicators of fraudulent activity and the case was not taken into the SIU. The policy was cancelled/non-renewed as of September 17, 2015.

- A. I ... I was parked and he parked behind me and I had no views of him with any of my mirrors. So as I was backing up, like I backed up into him.
- Q. Okay, and was there anyone in the Ferrari at the time?
- A. No.
- Q. Okay. Ah, did the police come to the scene and ...
- A. Yes.
- Q. Did you call them, did he call them?
- A. Yeah, we both did. My mom called, she was with me and he also called.
- Q. Oh, okay. But you were driving, your mom was a passenger?
- A. My mom had just gotten there. She wasn't in the car with me.
- Q. Okay, so she came via her own vehicle.
- A. Yes.
- Q. Okay. Um, what parking lot was this?
- A. Ah, the Yamaha one on Revere Beach Parkway.

- Arbeila Insurance Company Claim No. 033588074
- Q. Yamaha...?
- A. Where they sell the bikes.
- Q. Oh, ah ah, yezh, um ...
- A. In Everett.
- Q. Yep, yep. It's ahh, Park ... Parkway, right?
  - A. Yes.
  - Q. Parkway Motor Sports. Gotcha. You got a motorcycle (inaudible)
- A. No. At nighttime they have like a hot dog stand that usually Brazilians and we just get together after and it just happened to be one of those nights.
- Q. So I take it you're Brazilian?
- A. Yes. (chuckle)
- Q. With regards to that, um ... were you part of an insurance claim on that for Agna's car?
- A. If ...?
- Q. In other words, did Agna's insurance company contact you with regards to that incident?
- A. Yeh, yeah. Yeah.
- Q. Do you remember who she has for insurance at that time? If not, it's alright.
- A. Umm. Occidental? Occidental Insurance.
- Q. Yeh, that's an insurance company.
- A. Okay, then it's that one.
- Q. Okay. Um. Other than that accident and the one we're here discussing today, have you ever been involved in any other automobile accidents?
- A. No.
- Q. Any kind of Work Comp. incident?
- A. No.

- Q. No injury at work or anything like that?
- A. No.
- Q. Um, with regards to purchasing the Infinity, ahh, if we can go back to that. So you see the vehicle, you're on the lot at the dealer, ah ... do you test drive it or do you just say "I want this car."
- A. I test drive it, mm-hm.
- Q. Okay, right there that day?
- A. Yes.
- Q. You drive it. Do you remember who you dealt with at the dealership? Do you remember like a sales person's name or anything like that?
- A. Ahh, it was a little bit with each. Like there was three of them that used to work there at the time. But I spoke with ... (what was the name) Douglas and ah, just like for speaking in English and stuff it's easier for me than Portuguese. So ... and he spoke English, the other one's didn't.
- Q. Okay. I just wanted to check. So it's easier for you to speak English than Portuguese.
- A. Than Portuguese, it's easier, yes.
- Q. Alright, do you speak Portuguese at all? I'm guessin'...
- A. Yeah, yeah.
- Q. Alright, so I'm guessin' your mother is from Brazil?
- A. Yes.
- Q. And then you speak Portuguese then at home?
- A. Yes,
- Q. And then going to Medford High and all you're predominantly English.
- A. Yes.
- Q. Okay. I get it. So Douglas was the one who spoke better English so it was easier for you to deal with him?
- A. Mm-hm. Yes.

- Q. Okay, so what happens with the purchasing of that vehicle? Do you have to go like to a finance house, an insurance agent? What happens? How is it ... that takes place?
- A. Um, I ... I remember I .... he, he told me to fill out an application for the bank to see if I could get like a first buyers loan...
- Q. Typical loan. Yeah.
- A. Yeah. I filled it out. Got the loan and ... got the loan. The car was, I was still putting a down payment on the car, 'cause I didn't have all the money up front. So I was still like slowly paying 'em ... um, and within ... I would say a month, I ... they insured the car and everything. They did everything for me.
- Q. Okay, so you've never actually been to your insurance agency?
- A. No.
- Q. Do you know who it is?
- A. No.
- Q. Interesting. Okay. Um. With regards to ... hhh ... that whole process, was it something that you did that day and then the rest of it was done via like ... like e-mail or telephone or you had to go back down to the dealership a couple of times?
- A. I had to go back down a couple of times. I was going there every week to give them the money for the down payment.
- Q. How much was the down payment?
- A. Umm ... Seven ...?
- Q. Thousand?
- A. Yes.
- Q. Okay. When you gave them the down payment, did you pay with check, credit card?
- A. Cash.
- Q. Okay. Did you get receipts?
- A. Yes.

- Q. At any point in time, did they provide you with a breakdown of ... what this money was going for? In other words, \$7,000 for the down payment, X-amount for um ... ya kenow insurance, X-amount for title...
- A. Ah, so \$7,000 was just for the down payment. The insurance and the registration ah ... that was around like another Two-Grand, maybe.
- Q. Okay, just clarify it.
- A. Yeah.
- Q. \$2,000?
- A. Ah, I got a paper from Motor Vehicle 'cause like they were dealing with everything, and then I got a paper to my house saying that one of their checks got sent back for ... I don't know if it's the tags, the registry? I have no idea what Motor Vehicles, but it was like \$1200 for that.
- Q. From the registry.
- A. Yes. And then ...
- Q. Did you keep copies of all this paperwork?
- A. Um, I ... I don't think I have this one. I don't have this paper. There were four.
- Q. Do you have all the purchase paperwork for the vehicle and all of that?
- A. Yeah, Yeah.
- Q. Okay,
- A. I do.
- Q. Alright. Umm. I'm gonna want to see all that.
- A. Okay.
- Q. I gave you my business card, my fax number is on there and my e-mail, um. If you're gonna e-mail it, just scan it, don't snap pictures of it 'cause it's hard when I have to look at it. Um, but I'm gonna want to see everything you have with regards to the purchasing of that vehicle.
- A. Okay.
- Q. Okay. Um ...
- A. Do you want the receipts as well?

- Q. Ah, yeah. Everything you have.
- A. Okay,
- Q. How much ah, Total, after the \$7,000 and \$2,000 and so am I correct that it was about \$9,000, and I'm assuming it's in cash ... that you gave the dealer?
- A. Yes.
- Q. Alright, any reason why you didn't pay with a check or anything like that?
- A. Ieee... No. I like don't have ... like I don't use checks at all and ...
- Q. Okay, so do you typically deal in all your transactions, do you typically pay only in cash?
- A. Yes. Most of the time.
- Q. Okay. Um. Alright. Hhh! Did you ever get anything from ... And all the time you're going to the dealership, is it always Douglas who you're dealing with or is it some ...
- A. Most of the time.
- Q. Okay. Um, did he ever provide you anything FROM your insurance company, ahh from Arbella or from ahh, your insurance agent? As far as like a receipt from them ...
- A. Like an insurance binder, sort of thing?
- Q. Well a binder, a receipt, um ... anything from them, ya know to show ah, ya know the amount like. Basically when you go ah, ya know when you walk into an insurance agent you get ... ya know, you fill out the paperwork, you get your binder, you get your quote and then they need a down payment for the insurance, which would be like 10% or 20% usually of the total premium is gonna be.
- A. Yeh, yeah.
- Q. Did you ever get any of that paperwork?
- A. I have Not. I don't have copies of those paper works.
- Q. Have you ever seen any of it?
- A. Iee... I scanned through it looking at the folder that they had, but I have never, like paid attention to any of those.
- Q. Okay, did you ever get any like, bills and stuff sent to your house?

- A. Ah, I just got like a tax ... excise tax for this year.
- Q. Right, that would be from ahs, from the city of (inaudible) but did you ever get like an insurance bill?
- A. Ah, I pay it every month, yeah.
- Q. How do you pay it?
- A. Ah, online.
- Q. Okay, how do you pay it online?
- A. Ah, automated ... automated ... like debit.
- Q. Okay.
- A. It just takes out of my account (inaudible)
- Q. Okay, and did you have that set up at the agency or did the dealer set that up for you?
- A. No. I ... I went online.
- Q. Okay, to Arbella.com?
- A. Yeah.
- Q. Set that up.
- A. Yeah
- Q. When you set that up, did you need any special ath ... numbers or anything like that in order to be able to like, your policy number, social, billing number? Anything like that to be able to schedule that?
- A. Um. Policy mumber...? Maybe? I don't remember.
- Q. Do you remember when you set that up?
- A. I'm gonna say 4 or 5 months ago.
- Q. Okay, at that time did you have to call anyone to get that information or did you have your policy number on hand?
- A. I... I had to call ... that ... Rappo and Jopson.

- Arbella Insurance Company Claim No. 033588074
- Q. So you do know who your agent is.
- A. Okay, So it's them. Yeah, I had to call them.
- Q. And how did you find out ...
- A. That ...
- Q. They were your agent?
- A. 'Cause like I tried looking for Arbella and they were just like, "Oh, you have to go with them" that actually Arbella...
- Q. Who, who did you call?
- A. Ahh, the dealership.
- Q. Okay, so. Let me backtrack. So when you were looking to set up ... Is that the reason for the call? You were looking to set up like an automatic withdrawal or something to that effect?
- A. No. I had to go ... umm, what was it that I had to go there for? To pay ... when I first started paying, I used to go there to pay.
- Q. Go where?
- A. To Rappo and Jepsen and pay... the insurance.
- Q. Back track. How did you know to go there?
- A. 'Cause that's where they told me to go.
- Q. Okay, so the dealership ...
- A. The dealership.
- Q. Okay, was it Douglas specifically who told you you had to go there?
- A. Umm. No. They ... I mean like I spoke to all of them. But it was just easier for me to speak to him 'cause it was in English, but so he would pretty much tell me all the information.
- Q. Okay, so it was three people there ...
- A. Yeah.

- Arbella Insurance Company Claim No. 033588074
- Q. Three males? Males? Females?
- A. Yeah, three males.
- Q. Three males.
- A. Mm-hm.
- Q. Primarity spoke to Douglas. Do you remember the other two's names?
- A. Bruno and Neto, Neto N-E-T-O, is one. And the other one's Bruno, B-R-U-N-O.
- Q. Okay, do you know a last name on Bruno just per chance?
- A. I do not.
- Q. Okay, so there's Bruno, Neto and then Douglas.
- A. Yes.
- Q. Is Douglas' name Douglas or is it just what he goes by?
- A. No, it's Douglas. He's Brazilian but he doesn't speak, like Portuguese.
- Q. Okay, so in the times you're going back and forth to the dealership giving partial payments on your down payment for your car ahh, insurance payment and stuff like that, somewhere along the way they tell you this is your insurance agent Rappo and Jepsen and that's where you gotta go to make your insurance payment.
- A. Yes.
- Q. But for the down PAYMENT for the insurance ... you gave it to the dealership, correct?
- A. Yes.
- Q. Seem odd to you?
- A. Huh?
- Q. Does that seem odd to you?
- A. Ah, well they were setting up everything.
- Q. Okay.
- A. Sop ...

- Q. I'm just asking.
- A. I didn't ... like it was my first time doing it so I don't ..
- Q. Gonna be my next question so ...
- A. Yeah.
- Q. Have you ever been with anyone else when they've purchased a vehicle or ... register a vehicle?
- A. No. First time.
- Q. Okay. At some point along that time, is it after you take possession of the vehicle that they tell you, "Here's where you have to go to make your monthly insurance payments or did you know that beforehand, before you actually picked up the car?
- A. Um, they ... I was at work and they called and they were like "Okay, we're setting up your insurance and everything" and he told me how much it was gonna come out to, and I said "Okay, I agree to it."
- Q. Okay, did they ever mention anything to you with regards to the differences in insurance policies? Like did they ever ask you specifically what type of insurance policy you wanted?
- A. No.
- Q. Okay, they just basically said, "Here's your insurance policy. Here's the cost."
- A. Yeah.
- Q. Did they ever give you a breakdown of that cost ... for insurance?
- A. No. Not exactly like on paper.
- Q. Okay, did they ever verbally give you a breakdown ...
- A. Yeah.
- Q. ... like it would be this much for that, this much for this?
- A. Yes.
- Q. Do you remember what any of that breakdown was?

- A. No. It was on that \$2,000 I gave them besides the down payment, was just for like the registry and for the insurance. So it could've been less. I don't know.
- Q. Okay. With regards to specifically the insurance, did they ever break down, what ... the amounts were, like this much goes to Arbella, this much is the processing fee, this much is another fee?
- A. No.
- Q. Did you ever get a receipt from either the dealership or ... Rappo and Jepson showing that breakdown?
- A. Nn-no. I don't have that paperwork.
- Q. Okay. As far as all the insurance paperwork goes, and we're gonna go through it in a little bit here, ah ... the application, all of those things, was that all signed at the agency or was that all signed at the dealership?
- A. Ahhm.
- Q. Like did ya, prior to picking up the car, did you ever have to go to Rappo and Jepson in order to be able to fill out paperwork there?
- A. I Think I had to go there to, to sign like a couple of papers.
- Q. Okay. And that was prior to picking up the vehicle?
- A. Yes.
- Q. During ...
- A. Like that same ... around the same week.
- Q. Okay. During that time when you went there, ah how'd you know where to go? Did the dealer give you the address?
- A. He was with me. He went with me.
- Q. Perfect. Okay. So when you go to the agency, you go to the dealership. They then drive you over ... to the insurance agent?
- A. Yes. He went with me.
- Q. Okay, and then drive you back to the dealership?
- A. Yeah.

- Q. Okay. Umm. And that's all within that month time prior to picking up the vehicle?
- A. Yes.
- Q. Ah, do you remember who the lien holder was on it? Who the bank was you got the loan from?
- A. DCU.
- Q. And ... do you still currently have a loan on the vehicle?
- A. Yes.
- Q. Alright, what was the total purchase price of the vehicle?
- A. Ahh, I believe it was Twenty-two ...?
- Q. Okay. And ...
- A. Around there.
- Q. What approximately are your monthly payments on it?
- A. Two-eighty.
- Q. Okay. And do you know the life of the loan?
- A. Five years,
- Q. Five-year?
- A. Mm-hm.
- Q. Alright, do you remember who specifically took you to the insurance agent to sign the paperwork?
- A. Alth, if I did anything it would've been with Douglas. Like everything I did ... like talking ...
- Q. Primarily with him.
- A. Yeah.

- Q. When you go to the insurance agency with the ... well, we'll say Douglas for the sake of conversation, to sign paperwork, did they go through what the paperwork is you're signing? Did they say this is the application, this is this, this is that... Did they ...
- A. They, they like say it quickly, but not like in detail or anything.
- Q. Okay, do they say it in English, or Portuguese or ...
- A. Portuguese,
- Q. Okay. Are they speaking to YOU or are they speaking to Douglas and Douglas is just like "Sign here, here and"
- A. They were speaking to me, but ...
- Q. Okay, did you ask them to speak in English or ...
- A. No, the guy ... like they speak Portuguese, so ...
- Q. Okay, did you understand what they were saying or ... ?
- A. Yeah.
- Q. Okay. Well I guess my ... the point I'm trying to get at is did you have a full understanding of what it was that they were telling you?
- A. Well, like I said, he ... like he scanned through the papers and not like in details of anything.
- Q. Okay, did he explain to you that ... ya know "This is an IRS form. This is a Secretary of State form. This is for Arbella Insurance. This is the type of policy you're getting. This is X....
- A. No.
- Q. With regards to the ah trip to the agency, do you remember who at the agency that you sat down with and went through everything with?
- A. No.
- Q. Okay, do you remember what they look like?
- A. I do not. Well, I know it was a guy...
- Q. There ya go, okay.
- A. And that's about it.

- Q. Alright, glasses, no glasses?
- A. I don't think so,
- Q. Tall, short, fat, skinny.
- A. Everyone to me is tall. Ahh... so ... but, no. I went there just like a couple of times and then like after I got the car, to pay and I didn't really... I ...
- Q. Okay, prior to ... ah, getting the car. You go there a couple of times or is it a couple of times including when you go to pay?
- A. When I go to pay.
- Q. So prior to getting the car, then would you have gone maybe once?
- A. Once or twice.
- Q. Just to sign papers?
- A. Yes.
- Q. When you go there, do you ever actually give money to them?
- A. I didn't.
- Q. Okay, does that seem odd that you would have to go there to sign papers but you're paying the dealer to pay them? That seem weird to you?
- A. Ahh, well. Now that you're bringing it up, yes, but before when I like jus' I was just sorta would just do it, like I want the car ...?
- Q. Right.
- A. So jus' when they're were like "Oh, we'll do it for you" and I was just like "Okay." like if you do it, that's good.
- Q. Alright. After you take possession of the vehicle, ah I'm guessing, judging by what you're saying, that they just called you one day and said "It's registered, it's got plates so come on down and get it."
- A. Yes. I was at work and they ... like they came and they dropped it off.

Arbella Insurance Company Claim No. 033588074
A. Okay.
Q. Thank you. Alright. Um, okay. After that time when they give you that information, you go back home, you go to Arbella.com, you fill out direct withdrawal. Ah, and from that point forward the money just comes direct debit out of a savings or checking account?
A. Yes.
Q. Alright. To the best of your knowledge, do you have any other dates of birth that you use?
A. No.
Q. So you have any other tax information? Any other socials or IT numbers that you've used?
A. No.
Q. In the past or currently.
A. No.
Q. So it's safe to say that ah, do you list yourself as um, always Camila P. Nogueira and the Viegas is just kind of obsolete or do you ever list yourself as, like do you have different information for Camila
A. Ah, sometimes I put Pinto, sometimes I put Viegas, sometimes like I'll put both.
Q. But always with the same date of birth and social security?
A. Yes.
Q. What we'll do at this time is I'm gonna show you um, an Exhibit here. Want you to take your time, take a look at that and ah, let me know if you've EVER seen that document before.
A
Q. Okay. Alright, let the record indicate that ah, what I had shown Camila is a letter, the result of a SS4 filing with the IRS of the United States of America. It lists her name, Camila Nogueira, Camila's Beauty,  Street and it has a tax ID number, an employee identification number of  And it basically is a thank you letter for applying for an employee tax ID number. Um. Okay. So with regards to this correspondence, you've never seen it before in your life, correct?
A. No.

- A. No.
- Q. Have you ever seen that number before?
- A. No.
- Q. I'm just gonna put that aside for a moment.
- A. Okay,
- Q. When you went to your insurance agency or to the dealership, did you ever give anyone permission to apply for anything in your name with the IRS?
- A. Ah, they jus' they said like, they just told me whatever they were gonna do for the insurance and I said "okay" ... like if they had to do anything, "Okay." So.
- Q. Do you remember what specifically they told you they were gonna do?
- A. No. It was jus' like a vague ... like we're gonna do the insurance for you. We're gonna open it up for you. And I said, "Okay."
- Q. Okay. Did they ever tell you, like I said before, the difference between types of insurance ...
- A. Ah. They told me ... the only thing they were telling me were prices. Ah, they checked out, at ah GEICO, I think it was and GEICO was like ... \$200 to almost \$300. And then ...
- Q. More or total?
- A. Total.
- Q. A month.
- A. A month.
- Q. Okay.
- A. Yes, monthly, monthly payments for almost like \$300. And ... I was like, "No."
- Q. Okay, and what were the monthly payments they quoted you from Arbella?
- A. One ... I've been paying \$134? \$135?

- Arbella Insurance Company Claim No. 033588074
- Q. So how many quotes did they give you from other carriers?
- A. Umm. I got GEICO, then they called me with Arbella and I said "Yeah."
- Q. Okay, did you ever ask why it so much cheaper?
- A. No.
- Q. Why would ya, right?
- A. Yeah. (chuckle)
- Q. Fair enough. (chuckle) Airight. What I'm gonna show you here is ahh, let me see how much we got here. Alright, what I'm gonna show you here is your insurance application. Alright. Take a minute and look at that. Ah, and tell me if you've ever seen this document before. Umm. And I believe, I'm sorry, I'm jus' gonna pull this back one second, 'cause I believe that ... Yeh, take a look at it. What this is is it's a ... Alright, let me rephrase. This is an electronic upload submission, sorry not an upload, an electronic submission sent to Arbella. It is your application, however it is not the actual original application. That would've been maintained at the agency.
- A. Okay.
- Q. What they do is when you apply for insurance they will upload, or not upload, they will submit the information to us. And basically, this is what it is. It's not the actual signed application, but it's ah, ya know, basically a mirror image of it other than the actual signature.
- A. Mm-hm.
- Q. So I just want to be clear, that this isn't the actual piece of paper that you submitted type of thing.
- A. Exact...
- Q. But, just so we can specify for the record. Alright, but are we in agreement when you look at this, ya know, this is basically the insurance application ...
- A. Yeah.
- Q. ... multiple pages. At the top of the page under, with the agency name of Rappo and Jepson, it says Daniel Everett. Now my guess is that this is the Everett location and Daniel is the gentleman, I don't know if that's his last name as well, but ... um ... do you know if that was the gentleman who you actually sat down with?
- A. It could've been. (inaudible)

- Q. Okay. And ah, I forget. When's you're birthday again?
- A. July 31st. (chuckle)

- Q. Okay, I'm not looking at your license (chuckle) And the date that this application was processed, ah at the agency was July 24th 2014. So it's the same day. Are we in agreement?
- A. Yes.
- A. Yes.
- Q. Down payment type electronic payment. Down payment amount Can you read that amount?
- A. \$280. Two-hundred and eighty dollars.
- Q. Alright. Okay. Do you remember how much you paid the dealership for ... the insurance?
- A. If ... I gave 'em Two-grand and ah Registry it was like Thirteen, so probably \$700 that they said it was for insurance.
- O. And again, you never received the breakdown or anything for that.
- A. Not
- Q. Do you know um, on the receipt that you received, from the dealership, did you just say, ya know we took \$2,000 in cash.
- A. Ah, on the receipt it says, it just has the name, like the VIN number of the car, the amount I was paying and it just like says down payment.
- Q. Okay, with the Two-grand?
- A, Yes.
- Q. When you went to the agency or anything like that, did you ever get a breakdown?
- A. No.
- Q. Alright, these next pages here are just your... your ah, license information and what not with your lien holder info. Umm. 	A. I don't know.
	Q. Yeah, well that's the whole application
	A. For?
	Q. For your insurance policy.
	A. Okay.
	Q. Alright. Ahh, so what I'm gonna do is, I'm gonna leave this here and that there. What I'm gonna have ya do, is I'm gonna label this IRS paperwork, I'm gonna write on it here. I'm gonna write on it Exhibit #1 and then on the application I'm gonna write Exhibit #2. Alright, and what I'm gonna have you do, is I'm just gonna have you sign and date each of those so that anywhere on there is fine. Ah, so that we can verify um it's the 29th.

	Q. Alright. This next one I'm gonna show you I'll label it Exhibit #3, or I'm in the process of labeling it Exhibit #3. Now, this item here was submitted with your policy of insurance, so Exhibit #1, Exhibit #2, and what I'm now showing you as Exhibit #3.
	A. I have never seen this in my life.
	Q. Okay, were all submitted to us um, as part of your application for insurance. Right. This item I've shown you here appears to be a front of a business card for Camila's Beauty?

- A. Don't own any of those things.
- Q. Okay, so those aren't yours.
- A. No.
- Q. But it is your name and your phone number on here, correct?
- A. Yess... Yes.
- Q. Alright, did you ever have anyone make these business cards up for you?
- A. No.
- Q. Did you ever give anyone permission to make these business cards?
- A. I have NEVER seen these. Nope.
- Q. Okay, do you have any kind of ... beauty, aesthetician background, cosmetology, anything like that?
- A. No.
- Q. Other than doing your own makeup and stuff?
- A. Nope.
- Q. Okay. Would you sign and date that for me. And again, that's a business card we've labeled as Exhibit #3.

- Q. Oh, yeh. What did I say, Fact Book.
- A. Yeah.

- Q. Alright. Again on the original I have back in the policy folder in the office, it's easier to read. The photocopy, I scanned in, it's tough for me to read. Fact book, but yeah that makes sense. Okay. So on the top of Exhibit #2, it says commercial insurance application. Do you know the difference between personal insurance and commercial insurance?
- A. Ah, the only thing I know about commercial insurance is for companies ... and like the commercial plates I've seen.
- Q. Right, does your vehicle the Infinity have commercial plates?
- A. No
- Q. Ahh. (sigh) Alright. ...... Was any of this explained to you AT the dealership or AT the insurance agent?
- A. No.
- Q. That THIS was what was going to be done in order to apply for ...
- A. Insurance...
- Q. Insurance.
- A. No.
- Q. Okay, again, had any one indicated this to you, would you have ... completed this transaction?
- A. No.
- Q. Alright. When you went back to the insurance agent, the initial time to make payments and you saw Fernanda, and I'm guessing 'cause that's her business card, that ... did they mention to you anything to this effect that ...
- A. No. I jus' I just went and I paid. Like I would give her my first name, last name. She would pull it up and that's how I would pay it.
- Q. Did she ever mention anything about Camila's Beauty or anything to that effect?
- A. No. No, she didn't.
- Q. Did she ever indicate that ahh, that ya know, the reasoning for your insurance being \$130 or \$140 a month was ahh, ya know, because they were ... or somebody, either the dealer or the agency um, ya know was setting up a Camila's Beauty for you?

- A. No.
- Q. Did you ever give anyone permission to do that? Either Douglas, anyone at the dealership, ahh... anyone at the agency, permission to do that?
- A. Noc. The only thing that Douglas was in charge of was just opening and (inaudible) and getting me the car registered and stuff. So.
- Q. Okay, fair 'nough.
- A. But nothing like so personal, like I ...
- Q. Okay. Is there any possibility that they would've ... ah, at that time, contacted Warlley and he would've given an okay for any of that or ...?
- A. No.
- Q. Okay. Just for ahh, informative purposes, ah, how long after ... ah, or even before um, did you and Warlley separate?
- A. Oh, we just broke up recently. About two months.
- Q. Okay, so at the time all this was going on with the insurance and what not ...
- A. I was with him the whole time, yeah.
- Q. Alright, but no chance that, ya know, they would've contacted him for any of this? It's your purchase, correct?
- A. They, no. They wouldn't speak.
- Q. Who doesn't speak?
- A. They don't speak, ahh, Warlley and Douglas. They don't speak.
- Q. Do they know each other?
- A. Yeah. But not like friends-friends. Like they only met at the dealership.

- A. Yes.
- Q. Okay, you text him and let him know you're coming. Ah, approximately about 10 minutes later, this incident occurs?
- A. Yes.
- Q. Do you remember where ... along Revere Beach Parkway it happened?
- A. Ah, right at the Rotary, when you're going down Route 16, the first Rotary that you can either go up to take ... you can go ... you can take a right to go like into another Rotary that leads to Broadway and Main Street and Route 99.
- Q. Okay.
- A. Or you can go straight down on Route 16 on Revere Beach Parkway and then you like, go over the bridge and stuff.
- Q. Okay.
- A. So it was at that intersection.
- Q. Okay. So you're kinda at the mouth of the Rotary?
- A. Yes.
- Q. The first Rotary?
- A. Mm-hm.
- Q. Ahh, to my recollection it's a two lane ...
- A. It's three lanes.
- Q. Okay, which lane are you in?
- A. All the way to the right.
- Q. And ... just briefly what happened. So is there a car in front of you or you're just looking to merge into the rotary?
- A. Nooo. I was going straight. There's the Rotary, like you can go straight like through the Rotary.
- Q. Alright, it must be a time when there 're always backed up.

- A. There's like lights and stuff. Obviously. I went ... I was in the right lane. I was just going down the right lane. I was in my lane. Driving down.
- Q. Okay. And what had happened?
- A. Um, a BMW ... cut me off, and then right when the BMW cut me off I don't know if the other car, like attempted to go with it... or if he thought he had a window of time, but like right when he ... he, just kinda went, and kinda hit me and I was like "What?"
- Q. Okay. The BMW, did you get a plate number on it?
- A. No!
- Q. Do you know what color it was?
- A. No.
- Q. Okay, do you know what type?
- A. No.
- Q. Okay, how do you know it was a BMW?
- A. 'Cause like I know the emblem. I saw the emblem on it. Yeah.
- Q. You saw the emblem, okay. Airight, other than the emblem, anything else that you remember about that other car? Convertible, hopped up ...
- A. No, no. It was just like people ... just like they ... he put his signal on and there was like a time window. The person went and then the other one just came out of nowhere.
- Q. Okay, the other one. Did you see the other vehicle prior to it impacting your vehicle?
- A. No.
- Q. Okay, where on your vehicle was the impact? Where did it happen ...
- A. The Whole driver side.
- Q. Okay. Um. So he comes down drivers side. Do you lose control of the car? Do you veer off and hit anything else?
- A. I tried swerving and ... like I tried swerving off, but like it still hit me and then he told me to pull into the right, and I pulled into the right.
- Q. Okay. How did he tell you to pull into the right.

- A. He like signaled out the window, like pointed, pull in that way. 'Cause we were right in the middle of like ... Revere Beach Parkway.
- Q. Okay, when he signals out the window, does he signal with the hand out the drivers side window or ...
- A. Yeah, drivers side window.
- Q. Alright, and he points over ... to
- A. ... to the right, so I could take a right or go straight in the lane I was in. I took a right, he kept going straight! So I made a U-turn and then followed him down.
- Q. Okay, when he ... Alright, so when he kept going, ah did he like, ya know, take off at a high-rate of speed ...
- A. Yes.
- Q. ... like to evade? Okay, so you turn. You go ... Is there any reason you didn't call 9-1-1 right then and there?
- A. I just ... like followed him down. He stopped. We switched information and I didn't even ... didn't think there's like a reason. I didn't feel the Need to.
- Q. But he started to leave the scene of an accident...
- A. But I was just like ... well, yeah but then he pulled over after. I don't know. I've never gotten into an accident before so.
- Q. How do you know the information he gave you was valid?
- A. It, it looked like him with his ID. It looked like him. And like the registration to the car had the license plate and what type of car and stuff it was.
- Q. Okay. Just askin'. Um, I try to get an idea what people's mindset is, 'cause I'd probably call the police but I'm just trying to figure out what you were thinking at the time.
- A. Yeah.
- Q. Um, so now ... do you have trouble following him or does he ... I mean how do you get him to pull over?
- A. Heee ... like he was just speeding down Route 16. I made a U-turn and at that moment, like my adrenaline just went through the rooftop and I just ...

- Q. Gunned it?
- A. Yeah, down Route 16, probably did like around 80 to catch up with him. And there was like a minivan right behind him and I just kept beeping and then the minivan like ... went to the other lane and then he saw it was me behind him. So he, like went into the first (inaudible) and stopped.
- Q. And then do you pull up behind him?
- A. I pulled up behind him.
- Q. Okay. NOW what happens?
- A. Ah, like my passenger door wouldn't open, so I just hopped over my drivers door wouldn't open so I hopped over to the passenger side, got out of the car and I was kinda like "What?"
- Q. Did they get out of the car ...
- A. HE got out of the car. There was like a young girl with him, early twenties I would say, I see in the passenger seat. She didn't get out of the car. We exchanged information. I gave him my license, the registration, he took a picture. I took a picture of his stuff.
- Q. Alright, did you have to go back to your car to go get that or when you jumped out did you already have it?
- A. It was in my back door. I opened my back door and on the passenger side, it was in my bag.
- Q. Okay. And so you get out, he gets out. What do you say to him?
- A. I didn't ... I didn't have ... like I didn't have ... like a reaction, I was just kinda like "Are you... are you kidding me right now?" Like this is stupid. So ... we exchanged information and he just took off.
- Q. Alright, when you get out ah ... do you call Mike? Do you call your mom?
- A. I didn't call anyone. After he left, I called Mike and I was like I'm, like I'm "I just got in an accident and I'm driving there right now." And so I went there to eat.
- Q. Okay, airight. At any point do you call your mom? Do you call the cops?
- A. I didn't call my mom, no. And neither did I call the cops.
- Q. Alright, and the reason being is ...?
- A. I just wanted to eat. I felt sick that day. Like I got sent home from work during the day, just ... it wasn't a good day.

- Q. Gotcha. Alright, I'm curious just because, in the ... small parking lot accident that you had prior, you call the cops to that. Now you have a guy at night, fleeing the scene of an accident and you don't call the police?
- A. I didn't. That was probably one of my biggest mistakes and my manager, HAS really reamed me over it. Calling me "Stupid."
- Q. Which manager?
- A. From Margaritas.
- Q. Ah, you told him about the accident and ...
- A. Yeah!
- Q. And he or she ... (inaudible)
- A. Yeah, we're very close so ...
- Q. Gotcha, okay. Um, I have to agree with your manager.
- A Yeah. It was pretty upsetting after just like sitting and thinking about it. I, I should've. I should've done it. But I didn't.
- Q. (insudible) I'm just trying, again, just trying to figure out what your mindset was at that time, because as I said, sitting here objectively over a parking lot accident you call the police to, but now you got someone who's fleeing the scene of an accident and ya know... it's jus' ya know... causes concern for us as an insurer, ya know...
- A. Yeah. Like I say, I should've done it. I didn't. I just kinda wanted to be over with after I got his information and just went to eat and went home.
- Q. Okay. Um. Did you look at your damage at the time? And for the record, just prior to the statement, um, you had indicated that you had photos on your i-phone that you took of his registration, of his license, of the damage to his vehicle.
- A. Yes.
- Q. Okay, and you had set those to me as part of this investigation.
- A. Yes.
- Q. And now I'm gonna confirm for the record that did happen, and we are in receipt of that documentation. Um, this what I'm gonna show you here is photographs of your vehicle. Well, let me just label these real quick. I should've done it before. I apologize.

- Q. Okay, when you looked at the car, at that time, um ... was there enough lighting or ... everything to see all that damage?
- A. It was dark out, like I flashed the flash light on it and I, I like, I saw the whole thing. I saw that it was all scratched up.
- Q. Okay. From that point, ah what do you do? So now you have a damaged car.
- A. I went home. I left the car in the driveway. I went to work with my mom's boyfriend the next day.
- Q. To work ... ...
- A. To Margaritas.
- Q. He drove you?
- A. I Used his car.
- Q. Okay.
- A. Or I borrowed his car, to work.
- Q. Okay, so you didn't go to work WITH him. Or does he work at Margaritas at all.
- A. No. No, no.
- Q. So you just borrowed his car.
- A. Yes.
- Q. Alright, what's his name for the record?
- A. Jijailson J-A-J-A-I-L-S-O-N.
- Q. Thank you. Last name?
- A.
- Q. And the type of vehicle it was?

  - A. Ah, he stays over sometimes.
  - Q. Okay. So yes and no, type of thing?
  - A. yeah.
  - Q. Um, you go to ah, work with his car. How does your vehicle end up getting from your home to ah the location it's at now?
  - A. I drove it there.
  - Q. Okay. And do you know the location it's at ourrently?
  - A. Ah, Pro Collision?
  - Q. Okay, and do you remember where that is?
  - A. Sangus?
  - Q. Yeh.
  - A. Saugus.
  - Q. Yeh, with regards to ahh, and that's an auto body shop, for the record, correct?
  - A. Yes.
  - Q. With regards to that repair facility, how is it, out of all the body shops that that's the one that you had elected to bring you vehicle to?
  - A. Ah, Warlley like had, had problems with his car before when he got it and that's where he took it, so I just kinda went ... by like where he went.
  - Q. Okay. Alright. Um, when was that, that Wariley had taken his car over there?
  - A. It was around when we first started dating, ahh.
  - Q. Greater than a year ago?
  - A. Ahh. I'm gonna say ... (when did he buy the car)? He ended up buying a car not off that dealership.

  - Q. Alright, so after you had bought this car.
  - A. Yeh, yeah.
  - Q. So it would've been less than a year ago.
  - A. Yeah, less than a year ago, he ...
  - Q. Right, 'cause you got your car in July...
  - A. So it was, it was after that.
  - Q. (inaudible) two years ago so sometime between July and ... a few months ago, right?
  - A. I'm gonna say ... yeah. I'm gonna say like December? Around there.
  - Q. What type of car did Warlley end up getting?
  - A. He got a Nissan ahh, 350 Z.
  - Q. But not from the same dealer?
  - A. No. No. no. no.
  - Q. Alright,
  - A. Heee... the reason he didn't buy anything from the dealership was because he thought they were very sketchy and like out there.
  - Q. But you felt comfortable.
  - A. But I felt comfortable 'cause I wanted that car. And when I want something, I go for it, ya know?'
  - Q. Gotcha. With regards to um ... the repair facility ah ... is that the only reason why you went there is 'cause it's ... that Warlley had gone there before?
  - A. yeah.
  - Q. Do you know any other repair facilities?
  - A. Ahh, I know like Brazilian ones, but I don't like ... go to them.

- A. Ah, it's which ever one he took some people there speak Portuguese, but like the other Brazilian ones, I don't know any one that took it there. Like anyone who'd been through them.
- Q. How did you arrange to get it over there? I know you said you drove it over there. Did you ahh, call them, let 'em know what had happened?
- A. Yeah, and then I took the car in.
- Q. Okay. And how is it that you go about reporting it to Arbella? Do you go back to Rappo and Jepson or how does that work?
- A. No. I, I told 'em I hadn't ... I hadn't reported the accident yet, that the other kid did, like their insurance called me and everything. And he was like "Oh." like "We can ... You should call!" Like ... "Why haven't you called? You should call and report it NOW!" So I called and he called with me. And reported the accident. And then ...
- Q. Okay, and where did you make that call from?
- A. The body shop. (insudible)
- Q. Okay, so you call right there from the shop phone?
- A. So ... yeah,
- Q. Alright, and who was it that you dealt with over at the body shop that you make your call?
- A. Sullivan. (©ck
- Q. Okay. And he made the call with you?
- A. And he ... Yes.
- Q. Alright. Was anyone else there when you made the call?
- A. No.
- Q. Just you and Sullivan?.....ah yes or no?
- A. Yes. Sorry.
- Q. That's okay. Airight, and so you, you make the call with Sullivan and report the claim. Um, okay and then after that
- A. I, I asked, ah I asked Sullivan if, like if I could get a rental car. If I was able to and he said that, that's on the policy that he wouldn't know. That I would have to know, and I didn't know. So ... we ... we went over to the ... the rental place and they called Arbella and I All-Write Transcription and Reporting Services

guess, like it was okay or something. Had like a \$30-car rental something like per day. A \$30 limit or something. I don't know.

- Q. I'd have to look at it, but ...
- A. So I ended up getting a rental because I have ... like I work everyday.
- Q. Okay, currently ahh, as of the date of this statement on May 29th, are you still using that to get around?
- A. Yes.
- Q. Alright, and who'd you rent through?
- A. Ah, Hertz.
- Q. Hertz. Alright. Um, have you gone back to the body shop?
- A. I've not.
- Q. Have you heard from them at all?
- A. Ahh, I called 'em to see if like either you guys had called 'em 'cause I didn't ... I tried calling, I believe it was you and ... someone else that they had assigned to the case first.
- Q. Mm-hm. Yeh.
- A. Before it got changed it over...
- Q. Before it was me.
- A. Yeah, and I called and like nobody answered so I called them and I said like "no one's answering me" and I don't know if someone spoke to you?
- Q. Yeah, I called. Is there a Steve over at the body shop?
- A. Yes.
- Q. There is a Steve.
- A. Yes.
- Q. Do you know Steve's last name?
- A. I have NO clue.

  - Q. Alright, but there's a Steve.
  - A. Yes.
  - Q. Okay, have you ever actually met him?
  - A. No. I've never had any thing to do with him.
  - Q. How do you know if there's a Steve, I guess?
  - A. 'Cause of just like Sullivan talking. Like when they talk, like around the body shop or whatever. Like asking for each other.
  - Q. Okay. Have you ever heard Sullivan mention the name Junior?
  - A. No.
  - Q. What about Wagner?
  - A. No.
  - Q. Just Steve?
  - A. Yes.
  - Q. Okay, so you know Steve, Sullivan. Who else do you know at the shop?
  - A. No one else. The only person I spoke to personally was Sullivan and that was it.
  - Q. Okay, but you heard him mention Steve.
  - A. Yeah.
  - Q. Okay. Um. Alright, have you given ah, an interview, not similar to this one, but have you given any kind of ah communications to the other ah insurance company? Whether it be written or verbal?
  - A. It was just a verbal recorded, like statement of what had happened.

- Q. Just with the accident itself, right?
- A. Yeah, that was the one time I spoke to them. And then they called back and said that, like they had to stand behind like who they insured. Like it wasn't ... like they couldn't do anything about it. And I was like "Oh, like I ..."
- Q. Is that what they said?
- A. (stuttering (inaudible) Like he said "No, it wasn't my fault." And I was like how was it NOT his fault, if he tried running away, why did he even run away if it wasn't his fault."
- Q. Alright.
- A. And she was like "Oh, I don't know." and like "There's nothing I can do about it." I was like "Okay."
- Q. Alright, we'll deal with that later.
- A. I just kinda hung up.
- Q. Okay. Umm. Alright, with regards to THIS interview, ah, anything that you want to add on your own behalf? Ah, this is ... it's YOUR statement so ... ya know what I mean? Say what you want to add or anything like that?
- A. No.
- Q. Alright. Did you understand all the questions that I asked you today, Camila?
- A. Yes.
- Q. Alright. Are all your answers true to the best of your knowledge?
- A. Yes.
- Q. Alright, and was this conversation recorded with your permission?
- A. Yes.
- Q. Alright. What I'm gonna do at this time is I'm gonna temporarily suspend this statement and what that means is that Arbella reserves the right to bring you back in for further questions should the need arise. Um, if new evidence comes to light, something to that effect, or something that is not known now becomes known later ...
- A. Okay.
