**Stated Amount Rating Procedure for
Collision and Limited Collision**

1. Determine the Actual Cash Value premium for the latest model year shown in the rate pages for the vehicle symbol and deductible in the appropriate territory and class and divide by the Stated Amount Divisor shown below. Round the result to the nearest cent.

2. Apply the above rate to each \$100 of insured value to determine the stated amount premium. This results in a stated amount premium applicable to those insureds at the base rate (zero point/zero credit level) of the 4/1/2008 Safe Driver Insurance Plan.
