<p style="text-align: center;">Optional July 1 – December 31, 2006</p> <p style="text-align: center;">Mandatory January 1, 2007</p>	<p>On December 22, 2005, the Terrorism Risk Insurance Act of 2005 was extended for two years, until December 31, 2007. However, certain commercial lines of business were specifically not renewed under the extension legislation and effective January 1, 2006, the Terrorism Risk Insurance Act (TRIA) no longer applies to Commercial Automobile business. Accordingly, the existing Terrorism Coverage Code values no longer apply to this business. These codes have been replaced by new values that identify whether terrorism coverage exists on the underlying policy (at no charge or for an additional premium charge) and identify any premium associated with terrorism coverage on a separate terrorism coverage record. The approved codes are similar to those added to the ISO Commercial Automobile Statistical Plan.</p>	<p style="text-align: center;">Approved by Division of Insurance on April 19, 2006.</p>	<p>VI:31</p>	<p>All Premium Records</p>
	<p>References to “certified” Type of Loss Codes have been removed from the Statistical Plan. The existing “all other terrorism” and “not certified” Type of Loss Codes will now be referred to as “Terrorism” losses.</p>		<p>VI:46,48,59</p>	<p>All Loss Records</p>

	<p>As of January 1, 2004, changes in the Garage Policy resulted in the Garage Policy Forms being available for dealer operations only. Repair and service plates will now be written on a Business Auto Coverage Form and premises coverage will be written on a Comprehensive General Liability (CGL) form.</p> <p>Since a company may elect not to adopt the modified Garage Policy for their voluntary business, the class codes applicable to Repair Shops, Service Stations, Storage Garages and Public Parking Places classification codes are now listed in both the Garage and Special Types Classification Code Tables. If the company has not elected to adopt the modified Garage Policy, the Repair Shops, Service Stations and Storage Garages and Public Parking Places will continue to be written on a Garage Policy. If the modifications have been adopted, these classes should be classified as Special Types and written on the Business Auto Coverage Form. Note that the classifications codes that should be reported are the same whether or not a company has adopted the revised Garage Policy.</p> <p>Also, since CAR has adopted the revised Garage Policy with an effective date of July 1, 2004, premises coverage classifications for service operations can no longer be ceded to CAR as of that date.</p>		<p>All</p>	<p>VI: 18, 20, 21 A:2</p>

Note the following important information regarding the approved modifications:</p> <ol style="list-style-type: none"> <li>1. If a separate premium is charged for terrorism coverage (either for acts of terrorism certified under the Act or all other acts of terrorism not certified under the Act), then a separate premium record must be reported.</li> <li>2. If the terrorism coverage premium has been determined on a policy level basis, for reporting purposes, the premium may be split in proportion to the underlying coverage on the policy.</li> <li>3. The terrorism coverage premium record must be coded using the statistical codes required for the Classification reported on the record, as indicated in Appendix A – Classification Decision Table.</li> <li>4.
